

10th Street Study

This partnership project is a transportation planning study. This study seeks to make 10th Street transportation safer and more enjoyable, whether you're walking, bicycling, driving, or riding a bus. Use the QR code to take a short online survey and give us your input on the solutions!

Survey: bit.ly/10thStreetSurvey2

Why are we doing it?

Safety – reduce speeding, crashes, and conflicts

Community – beautify the street to enhance neighborhood character

Economy – support local business and investment in downtown St. Cloud

Health – improve access to walking and biking to increase physical activity

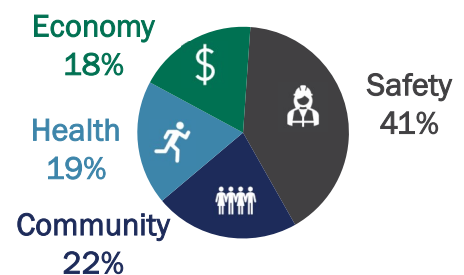

What did we hear?

548 Respondents took the initial kick-off survey and said...

Top Challenges:

- Places to safely ride a bike
- Crossing the street
- Gaps in sidewalks
- Speeding

Most Important Goals:
