

# 2045 Plan by the Numbers

This plan funds projects from 2026-2045 in Orange, Osceola, and Seminole Counties

# \$27.9B total funding

(\$13.19B federal, state, local funds + \$14.69B toll funds)

## Project Categories & How They Are Funded

### PROJECTS COOPERATIVELY PROGRAMMED BY FDOT & METROPLAN ORLANDO

 federal & state funds

I-4 & Truck Parking (IHS & SIS)

Multimodal State Road Projects

Local Road Widenings

### PROJECTS PROGRAMMED BY METROPLAN ORLANDO

 federal funds

Technology: Trans. Sys. Mgmt & Ops

Complete Streets

Pedestrian, Bicycle & Trails

Bus & Rail Regional Transit

### PROJECTS PROGRAMMED BY OTHER AGENCIES

Toll Projects (CFX & Turnpike)

 toll funds

Locally Funded Projects

 local government funds

## \$20.9 billion of unfunded needs in Central Florida

### Key Takeaways

- This plan diversifies our transportation system more than ever, investing in multimodal projects for all users. It represents a shift from moving cars to moving people. Some of the projects in the plan would have never been funded through the traditional roads-focused approach of years past.
- Our region's transportation needs greatly outweigh what we can afford based on current funding projections.
- On December 9, 2020, the MetroPlan Orlando Board will take action on the 2045 Plan.
