I. CALL TO ORDER

Chairwoman Sarah Elbadri called the Community Advisory Committee meeting to order at 9:34 a.m.

II. PLEDGE OF ALLEGIANCE

Mr. Douglas Henley led the Committee in the Pledge of Allegiance.

III. CHAIRMAN'S COMMENTS

Chairwoman Elbadri called attention to new tent card nameplates for CAC members. She told committee members that in order to better facilitate discussion through the Chairperson, they were being asked to turn the tent cards on their side when they wished to speak.

IV. AGENDA REVIEW

Ms. Mary Ann Horne reported that four CAC participants, Ms. Theresa Mott, Mr. Russ Hauck, Mr. Brindley Pieters and Mr. Jeff Piggrem, had perfect attendance for 2019. She recognized the four with certificates noting their perfect attendance. Ms. Horne called attention to an issue attaining a quorum at the January CAC meeting and requested that committee members make sure to RSVP for the meetings either by email or through the website. She called attention to agenda item VII. C and that it was the draft FY 20/21 UPWP that staff was looking to have approved. In addition, she reported that agenda item VIII.E., Presentation on FDOT Safety Initiatives, was being deferred.

V. CONFIRMATION OF QUORUM

Ms. Cathy Goldfarb confirmed that a quorum was present.

VI. PUBLIC COMMENTS ON ACTION ITEMS

None.

VII. ACTION ITEMS

A. Approval of January 22, 2020 Meeting Minutes

Approval was requested of the January 22, 2020 meeting minutes, which were provided.

MOTION: Dr. Dan Stephens moved for approval of the January 22, 2020 meeting minutes. Mr. Jeffrey Campbell seconded the motion, which passed unanimously.

B. FDOT Amendment to FY 2019/20 - 2023/24 TIP

Mr. Keith Caskey, MetroPlan Orlando staff, requested the CAC to recommend that the FY 2019/20 - 2023/24 TIP be amended to include additional funding for the Shingle Creek Trail project in Orange County as well as funding for the Lake Nona Local Alternative Mobility Network project. A letter from FDOT explaining the amendment request was provided, along with a fact sheet prepared by MetroPlan Orlando staff and the draft resolution to be presented at the March 11th Board meeting. Additional information on the Lake Nona Local Alternative Mobility Network project is available at <https://metroplanorlando.org/wp-content/uploads/Lake-Nona-Mobility-Grant-Application-2019.pdf>.

MOTION: Mr. Tom O'Hanlon moved for approval of the amendment to the FY 2019/20 - 2023/24 TIP. Ms. Theresa Mott seconded the motion, which passed unanimously.

C. Approval of FY 2020/21 - 2021/22 UPWP

Action was requested by Mr. Nick Lepp, MetroPlan Orlando staff, to recommend approval of the FY 2020/21 - 2021/22 Unified Planning Work Program (UPWP). The draft UPWP can be reviewed at: <https://metroplanorlando.org/wp-content/uploads/DRAFT-FY2021-FY2022-UPWP-AS-OF-2020-02-06.pdf>. Mr. Lepp reviewed the UPWP schedule, estimated revenue and funding to LYNX. He reported that the UPWP had a streamlined format and he reviewed the new sections, noting which were core products and required tasks. Discussion ensued regarding MetroPlan Orlando LAP certification and funding for the projects MetroPlan Orlando would assist with.

MOTION: Mr. Tom O'Hanlon moved for approval of the FY 2020/21 - 2021/22 Unified Planning Work Program. Ms. Theo Webster seconded the motion, which passed unanimously.

D. Approval of Complete Streets Policy

Action was requested by Ms. Sarah Larsen, MetroPlan Orlando staff, to recommend approval of MetroPlan Orlando's Complete Streets Policy. An attachment was provided. These changes included better defining context sensitive, clarifying bicycle speed and funding and adding information about the impact of street lighting.

MOTION: Ms. Theo Webster moved for approval of MetroPlan Orlando's Complete Streets Policy. Dr. Dan Stephens seconded the motion, which passed unanimously.

VIII. PRESENTATIONS AND STATUS REPORTS

A. Traffic Engineering 101: An Introduction for CAC Members

Mr. Dale W. Cody, Metric Engineering, gave an overview and led a discussion on basic elements of traffic engineering. Mr. Cody provided some personal professional background and information on traffic engineering. He reviewed data collection, types of traffic studies, what makes up traffic operations design and traffic modeling/simulation and how it is used. In

addition, he reviewed signal retiming, Adaptive Traffic Management Systems technology, Adaptive Signal Control and transportation systems management and operations. Mr. Cody provided information on innovative intersection design and performance measure reporting. Discussion ensued regarding signal preemption by emergency vehicles, multimodal aspects, fiber optics, implementing in areas without lights and technology now.

B. 2045 MTP – Status Update & Congestion Management Process

Ms. Lara Bouck, MetroPlan Orlando staff, gave an update on the 2045 Metropolitan Transportation Plan (MTP) with a focus on the Congestion Management Process. Ms. Bouck called attention to 2045 MTP documents that are now available online. She provided definitions of congestion management and congestion management process and its history. Ms. Bouck reviewed the relationship the CMP has with the MTP, process steps and what embodies a well-designed CMP. In addition, she covered the MTP goals and objectives relevant to the CMP. Ms. Bouck detailed FHWA's eight-step process, and the timeline for the next steps. Discussion ensued regarding development adding to congestion, use of CMP as a tool, focus areas, freight management, effect of venue schedules, and what was learned from the process.

C. Presentation on 2045 MTP Public Outreach Efforts

Ms. Cynthia Lambert, MetroPlan Orlando staff, gave an update on the latest public outreach efforts pertaining to the development of the 2045 MTP. Ms. Lambert played a short video depicting some of the outreach events staff had participated in recently. She provided information on the outreach events staff attended, surveys completed and school-age children they reached out to. Ms. Lambert reviewed survey results, communication materials provided and what's next. Discussion ensued regarding survey statistics.

D. Presentation on Orlando South Interchange Improvement PD&E Study

Mr. Stephan Heimbürg, Hardesty & Hanover, gave a presentation on the PD&E study that is currently under development by Florida's Turnpike Enterprise for the Orlando South interchange improvement project at Florida's Turnpike and SR 528 in Orange County. Mr. Heimbürg reviewed the project location, limits and description. He provided information on the existing deficiencies, no build alternative and preferred alternative, including goals for the preferred alternative. In addition, he provided information on traffic benefits for build and no-build alternatives, next steps and timeline. A public hearing for the Orlando south interchange was scheduled for March 24, 2020. Due to technical difficulties CAC members were unable to view the entire presentation and a copy of it was emailed out to committee members after the meeting.

RE: Third Quarter Variance Report (January 2020 – March 2020)

Dear Mr. Huttman:

This letter is in reference to a request made by MetroPlan Orlando Metropolitan Planning Organization (MPO) regarding the quarter variance report for the period of January 2020 through March 2020. This quarter's variance report compares the July 1, 2019 adopted work program with changes made to the adopted work program in the third quarter of Fiscal Year 2019/2020. The project(s) listed below includes a cost increase that is equal to or greater than the minimum parameters set by MetroPlan Orlando.

OSCEOLA COUNTY PROJECT(S)

FM#418403-3: State Road 600 (US 17/92), from Pleasant Hill Road to Portage Street - Add Lanes and Reconstruct Project

7/1/19 Adopted Phase Cost: Right of Way Acquisition Phase = \$20,663,882 (FY 2019/2020)

Revised Phase Cost: Right of Way Acquisition Phase = \$36,000,000 (FY 2019/2020)

Phase Cost Increase: Right of Way Relocation Phase = (74%)

Reason for Cost Increase

Funding added due to right of way costs estimate updates.

Impact of Phase Cost Increase

The cost increase has no impact on the work program.

As always, we appreciate all the opportunities that we get to work with MetroPlan Orlando staff and if you should have any additional questions or concerns please do not hesitate to contact me at 386-943-5426.

Sincerely,

Rakinya Hinson

Board Meeting Highlights – March 11, 2020

- **Chairman's Announcements:** Commissioner Bob Dallari opened the meeting at 9:00 a.m. and welcomed everyone. Mayor Jose Alvarez led the Pledge of Allegiance. Commissioner Dallari noted that as part of the efforts to make Central Florida safer, Best Foot Forward held their first crosswalk enforcement in Seminole County February 18th. A total of 393 warning & citations were issued that day. He added that he traveled to Tampa in February to meet with staff at CUTR and will be considering working with USF and some of their students on safety issues. Commissioner Dallari reported that he organized a tour of the RTMC for Thursday, March 26th which will include representatives from the Seminole County EMS as well as Advent Health personnel. He welcomed Commissioner Ortiz, new representative from the City of Orlando, who had not yet arrived.
- **MetroPlan Orlando Executive Director's Announcements:** Mr. Gary Huttman reviewed recent events. He recognized Ms. Stephanie Moss, FDOT District Five's new Bicycle/Pedestrian Coordinator. Mr. Huttman called attention to FDOT's Vision Zero safety initiative which will run through March. He reminded board members about the MPOAC Institute on March 20-22 in Orlando and April 17-19 in Tampa, noting that alternates were welcome to attend. Mr. Huttman also mentioned the Transplex event scheduled for April 20-22 in Orlando. He reported that he and Ms. Virginia Whittington met recently with Natalie Martinez and Lauren Allen from Congresswoman Murphy's office. Mr. Huttman noted that BUILD grant funding is still available and MetroPlan Orlando staff is available to assist with applications for that funding. He called attention to items in the supplemental folders which included a color copy of the MTP outreach events and a flyer for the Orlando South Interchange PD&E study public meeting. Commissioner VanderLey spoke briefly about a meeting she attended with Congressman Darren Soto and Congressman Peter DeFazio regarding funding for the I-4 Beyond the Ultimate project. She noted that if funding became available the project could possibly move up ten years.

Mayor Alvarez provided a report on the February 13th TDLCB Meeting.

Mayor Demings provided an update on the Orange County sales tax initiative.

- **Agenda Review:** Mr. Huttman highlighted the three presentations slated for the meeting and their relationship to outcomes from the new strategic plan. He reported that there were no changes to the agenda and they were ready to move forward.
- **Public Comments:** None.
- Unanimously **Approved** Consent Items: A-E.
- Unanimously **Approved** the FDOT Amendment to FY 2019/20 – 2023/24 TIP.
- Unanimously **Approved** the Draft FY 2020/21 – FY 2021/22 UPWP.
- Unanimously **Approved** the Complete Streets Policy.
- **Other Business:** Presentations included: **2045 MTP Congestion Management Process** (Ms. Lara Bouck, MetroPlan Orlando Staff); **2045 MTP Public Involvement Update** (Ms. Cynthia Lambert, MetroPlan Orlando Staff); and **Regional TSMO Program** (Mr. Eric Hill, MetroPlan Orlando Staff).
- **Board Member Comments:** Mayor Alvarez commented that he was happy that it looked like the Sadowski Trust Fund would not be raided this session.
- **Public Comments:** None.

Content

The Central Florida Regional Transportation Authority (LYNX) will be switching the Monday-Saturday schedule to a modified service schedule. Links 1, 6, 18, 23, 54, 57, 58, 155, 300, 301, 302, 303, 304, 305, 306, 313 and FastLink 441 will not have service during this temporary Monday-Saturday adjustment.

Link 320 will operate a modified Monday-Friday schedule. There will be no changes to the Sunday schedule.

The full modified schedule is available at www.golynx.com/coronavirusinfo which the agency is using to house all LYNX information regarding this pandemic.

LYNX Central Station's terminal lobby including bathrooms are still closed to the public during the 11 p.m.-5 a.m. Orange County mandatory curfew.

LYNX is following all recommendations set forth by the Center for Disease Control (CDC) and local health departments to continue safely moving passengers throughout Central Florida. If customers are sick or travel isn't essential, the agency requests those customers please stay home and not ride LYNX.

The community also is encouraged to follow LYNX at www.facebook.com/golynx and [@lynxbusorlando](https://www.twitter.com/lynxbusorlando) for the latest details.

The 2020 Legislative Session adjourned Sine Die March 19th at 1:49pm, six days later than originally planned. The reasons for the extension were multiple. First, presiding officers and budget chairs in both the House and Senate were not in agreement on large aspects of the budget, but there were policy hang ups as well. Second, there was some disagreement as to how much needed to be placed in reserves due to the novel coronavirus.

Even in the four days since adjournment, things have changed drastically. It is not unlikely that the legislature will be forced to return to Tallahassee to have a special session regarding the budget as only \$300,000,000 was placed in reserves to combat the coronavirus.

Some statistics from the 2020 Legislative Session:

- 3,578 Bills and PCBs filed
- 2,596 Amendments filed
- 4,223 Votes Taken
- 40 Floor Sessions
- 210 Bills passed both chambers

Budget

Appropriations (HB 5001)

The spending plan for 2020-21 fiscal year totals \$93.2 billion. This represents a \$2.1billion increase from the current year budget.

Affordable Housing

- \$370 million total in housing appropriations from the Housing Trust Funds
- \$225 million State Housing Initiatives Partnership (SHIP) program
- \$115 million for FHFC programs
- \$30 million for HHRP (Hurricane SHIP)

Transportation Funding

- Florida Department of Transportation: 10.3 billion
- Small County Outreach Program (SCOP): \$96 million
- Municipalities in Rural Areas of Opportunity: \$9 million
- Small County Resurface Assistance Program (SCRAP): \$ \$47.5 million
- Local Transportation Initiatives Projects: \$81.3 million

Economic Development Funding

- Florida Job Growth Grant Funding: \$20 million
- Visit Florida: \$50 million
- Enterprise Florida: \$16 million

Environmental Funding

- Florida Forever: \$100 million
- Florida Communities Trust: \$10 million
- Local Water Projects: \$76.6 million

Bills that passed**Office of Broadband**

HB 969 by Drake and Ausley and SB 1166 by Albritton

HB 969 creates the Office of Broadband within the Department of Economic Opportunity, and designates the Office as the lead state agency to facilitate the expansion of broadband internet service within the state. The bill also allocates up to \$5 M to broadband expansion adjacent to proposed multi-use road corridors currently under study. The money would come from a previously allocated \$35 M for other infrastructure along the multi-use corridors.

The bill does not provide a new definition of high-speed broadband. The bill has passed the Legislature and will soon go to the Governor's desk for signature.

Essential Infrastructure

SB 7018 by the Committee on Infrastructure and Security and HB 7099 by the Committee on State Affairs

As passed, SB 7018 has the following provisions:

- Extends the 5G permitting time frame shot clock to include all city or county right of way permitting
- Authorizes FDOT to create emergency staging areas along the Turnpike System
- Makes a finding that climate change impacts will require the development of avoidance and mitigation strategies and that the reduction of carbon dioxide emissions can reduce the impact, thereby making a direct finding by the Florida Legislature that climate change is real and is the result of human activity. FDOT is directed to produce a Master Plan for the deployment of electric vehicle charging station infrastructure along the State Highway System and the PSC is required to make findings regarding demand and delivery systems for this infrastructure. A preliminary report, with recommended legislation, is due back by December 1, 2020.
- Permits landowners whose property is burdened by conservation easements to permit linear facilities across their property

Peebles, Smith & Matthews, Inc.

PO Box 10930, Tallahassee, Florida 32301 | Phone: (850) 681- 7383 | Fax: (850) 681- 7271

Tax Issues

HB 7097 by House Ways and Means Committee

The final tax package makes a number of technical and procedural changes to Florida tax law and includes a .5% reduction in the State CST rate, hurricane preparedness and back to school sales tax holidays, various technical changes to the ad valorem statutes, and a prohibition on governments accepting any proceeds in return for granting allocation letters pursuant to Section 179D of the Federal tax code relating to energy efficiency improvements. A provision of the bill passed by the House would have limited the term of the Charter County Surtax to 20 years. The Senate amended that to provide a 30-year limit.

Electric Bicycles

HB 971 Grant (M) and SB 1148 by Brandes

The bill updates the state's laws on micro-mobility and legalizes the use of electric bicycles in the same manner that regular bicycles are regulated. The bill creates regulations governing the operation of e-bikes. An e-bike must be afforded all the rights and privileges of a bicycle. Local governments may regulate the operation of e-bikes on streets, highways, sidewalks, and sidewalk areas, and local governments and state agencies with jurisdiction over bicycle paths, multiuse paths, and trail networks may restrict or prohibit the operation of e-bikes on such paths and networks. The legislation passed both chambers without opposition and will soon be sent to the Governor.

School Bus Safety

HB 37 by Zika and SB 290 by Hooper

The bill revises the civil penalties for certain violations relating to stopping for a school bus. It increases the penalty from \$100 to \$200 for failing to stop for a school bus. For a second or subsequent offense within a 5-year period, a person will have their driver license suspended for not less than 180 days and not more than 1 year. The bill also increases the penalty from \$200 to \$400 for passing a school bus on the side that children enter and exit when the school bus displays a stop signal. The effective date of the bill is January 1, 2021. The legislation passed both chambers without opposition and is awaiting the Governor's signature.

Bills that did not pass

Mid-block Crosswalks

SB 1000 by Perry and HB 1371 by Fine

The bills would have required that crosswalks located at any place other than an intersection of a public street, highway or road be controlled by pedestrian and traffic signals that meet requirements of the Florida Department of Transportation Manual on Uniform Traffic Control Devices. HB 1371 passed the House, but the Senate bill was never heard in Appropriations.

Transportation

HB 395 by Andrade and SB 7054 by Infrastructure and Security

The bills amended various statutes relating to transportation. Of concern to municipalities, the bill expanded the "shot clock" and "deemed approved" requirements to permit applications for all

Peebles, Smith & Matthews, Inc.

PO Box 10930, Tallahassee, Florida 32301 | Phone: (850) 681- 7383 | Fax: (850) 681- 7271

utilities in the right of way. This language was included in SB 410 which ultimately passed. HB 395 passed the full House, but the companion bill was not heard in its last committee of reference, Appropriations.

Electric Vehicle Charging Stations

HB 943 by Daley and SB 452 by Rodriguez

The bills required FDOT to develop and adopt a master plan for electric vehicle charging stations on the state highway system by July 1, 2021. The contents of this legislation were included in SB 7018- Essential State Infrastructure which passed both chambers and is awaiting the Governor's signature.

Use of Wireless Communications Devices While Driving

HB 249 by Slosberg

The bill took the current texting while driving law a step further to authorize law enforcement to stop a motor vehicle and issue a citation to a person using a wireless communications device. This was the "hands free" bill. The bill did not have a Senate companion nor did it receive a committee hearing this year.

Traffic Offenses

HB 455 by McClain and SB 306 by Baxley

This was the "Vulnerable Road User Act" which has been filed the last couple of years. It provided enhanced criminal penalties for a person who commits a moving violation that causes serious bodily injury to vulnerable road users. The bills did not receive a committee hearing this year.

Safety Belt Usage

HB 179 by Slosberg

The bill required each passenger in a motor vehicle to be restrained by a safety belt or child restraint device. HB 179 did not have a Senate companion and was never heard in committee.

Motor vehicle Rentals

HB 377 by Latvala and SB 478 by Perry

The bill required peer-to-peer vehicle-sharing programs to impose a \$2 per day surcharge. It defined a number of terms including what a "car-sharing service" is and "peer-to-peer vehicle". It also included insurance requirements. The bills died in committee.

Transportation Disadvantaged

HB 551 by Jenne and SB 76 by Book

The bills required community transportation coordinators, in cooperation with the coordinating board, to evaluate multicounty or regional transportation opportunities to include regional fare payment systems to enhance cross-county mobility for the transportation disadvantaged to access employment, health care, education, shopping, or other life-sustaining services across one or more county lines. HB 551 and SB 76 died in committee.

Fiduciary Duty of Local Government Officials

HB 1113 by Beltran and SB 1270 by Lee

The bills would have created a new statute establishing standards for the fiduciary duty of care for appointed public officers and executive officers of specified governmental entities.

“Appointed public official” is defined to include “state officers” as well as “local officers,” such as appointed members of the governing body of a municipality, a board authorized to enforce local code provisions, a board having the power to recommend, create or modify land planning or zoning (but not citizen advisory committees) and community redevelopment boards.

“Executive officer” is defined as the chief executive officer of a governmental entity. The bills provide that each appointed public official and executive officer has a fiduciary duty of care to the governmental entity served and has a duty to act in accordance with laws and terms governing the office or employment, act with the care and competence normally exercised by reasonably prudent persons in similar corporate positions, act only within the scope of authority, refrain from conduct likely to damage the economic interests of the governmental entity. The Senate passed their version, but the bill died in messages as the House did not take it up after its first committee of reference.

Legal Notices

HB 7 by Fine and SB 1340 by Gruters

The bills would have allowed a governmental agency the option to publish legally required advertisements and notices on a publicly accessible website if certain conditions are met. The bills require a governmental agency to publish a notice at least once a year in a newspaper of general circulation that the resident or property owner may receive legally required notices or advertisements via first class mail or email by registration of his or her name, address and email address with the local governmental agency. CS/HB 7 passed the House (71-47) but was not heard by the full Senate.

A REGIONAL TRANSPORTATION PARTNERSHIP

Memorandum

April 13, 2020

To: Community Advisory Committee
From: Mighk Wilson, Bicycle & Pedestrian Planner
Subject: April 2020 Bicycle & Pedestrian Activity Update

City of Casselberry

The city has released a solicitation for professional services to complete the Winter Park Drive Complete Street and Concept Development Study. The study will encompass the entire North and South Winter Park Drive corridor, from the SR 436/Red Bug Lake Road intersection to the SR 434 intersection. It will focus on opportunities for improved bicycle and pedestrian safety, connectivity, and comfort along this corridor. The study will also take into consideration land use (and potential changes) and include high level analysis of transit needs and opportunities. Work is expected to begin sometime in fall of 2020.

MetroPlan Orlando

Phase Two of the Pedestrian and Bicyclist Safety Action Plans is in progress. The consultants will produce project applications for six of the nine corridors studied in Phase One (and will

coordinate with Osceola County on one additional corridor). Locations are being identified for experimental “pedestrian gateway treatments,” and for feedback signs to inform drivers of community yielding rates at crosswalks.
