Memorandum

June 15, 2022

To: Community Advisory Committee
From: Mighk Wilson, Bicycle & Pedestrian Planner
Subject: June 2022 Bicycle & Pedestrian Activity Update

City of Kissimmee

The City continues to work on installing Rectangular Rapid Flashing Beacons (RRFB's) at intersections with safety concerns. Four RRFB's will be installed at two intersections this summer.

City of Casselberry

The City has completed construction of the Quail Pond Circle Complete Street/Pedestrian Connectivity project, which features a new shared use path connecting N Sunset Drive to Lake Concord Park. The Queens Mirror Circle Pedestrian Safety Improvements project has also been completed, which features a new RRFB (rectangular rapid flashing beacon) and speed feedback signs. Recent data from the Best Foot Forward program at this location indicated a 90% driver yield rate after improvements were completed, compared to a 43% yield rate measured prior to installation of the improvements. The City has also installed a "pedestrian gateway", a low cost crosswalk enhancement using in-street signs, across Crystal Bowl Circle at the Casselberry Elementary School entrance.
