

MICROMOBILITY BIG RESPONSIBILITY

Bikes, e-bikes and e-scooters are a fun way to get around—but safety comes first!

MORE POWER, MORE RESPONSIBILITY

BICYCLE

Pedal power.
Your power.

E-BIKE

More power.
More responsibility.

E-SCOOTER

Roll with care.
Share the sidewalks.

The E in e-bike and e-scooter stands for _ _ _ _ _.

The motors help you travel faster and farther, but they also increase stopping distance and crash severity.

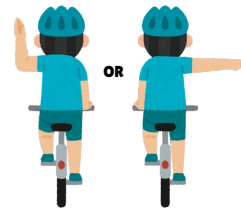

**CONSIDER A FULL COVERAGE OR REINFORCED
HELMET WHEN RIDING E-BIKES OR SCOOTERS**

HAND SIGNALS KEEP YOU SAFE

USE SIGNALS SO PEOPLE KNOW WHAT TO EXPECT FROM YOU

LEFT TURN

RIGHT TURN

SLOWING

STOP

Always look behind you before changing lanes or turning.
A hand signal does not guarantee drivers see you.

SAFETY STARTS WITH YOU!

WEAR A HELMET

Every ride.
Every time.

BE SEEN

Use front and rear lights.
Wear bright clothing,
especially at night.

FOLLOW THE RULES

Obey signs, traffic lights,
and ride in the same
direction as traffic when
on the road.

BE RESPECTFUL

Share the road and
paths. Yield to
pedestrians. Call out
before passing.

STAY ALERT

Avoid distractions.
No headphones.
Phones away.
Eyes up!

RIDE RESPONSIBLY

Slow down around
others and watch
your speed.

IN FLORIDA, E-BIKES CAN RIDE WHERE BIKES CAN

SIDEWALKS

- ➔ Pedestrians have priority.
- ➔ Not safe for fast speeds.
- ➔ Stop at every intersection.

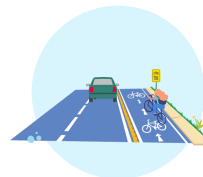

SHARED USE PATHS

- ➔ Alert people you're coming.
- ➔ Slow down when crowded.
- ➔ Be respectful.

ROADS

- ➔ Act like you're driving a car.
- ➔ Go with the flow.
- ➔ Use hand signals.

BIKE LANES

- ➔ Your designated space.
- ➔ Watch out for any hazards.
- ➔ Leave when necessary.

SOME PLACES MAY HAVE DIFFERENT LOCAL RULES, SO CHECK BEFORE YOU HEAD OUT

HELMET CHECK!

MAKE SURE IT FITS PROPERLY

- 2 fingers above your eyebrows.
- V shape of straps around each ear.
- 2 fingers between strap and chin.

**IN FLORIDA, IF YOU'RE UNDER 16, YOU
MUST WEAR A HELMET WHEN RIDING**
