[EV Readiness Study Workshop #4 – Grant Applications & Funding Opportunities](#)

INTRODUCTION

5 minutes

- Project Team & Background
- Topics
 - Identify potential grant applications and their advantages and disadvantages related to EV charging infrastructure
 - Showcase different funding opportunities and mechanisms that municipalities can utilize to support EV charging infrastructure
 - Understand key stakeholders and roles of utility companies, local jurisdictions, and private developers

FEDERAL AND LOCAL GRANTS

15 minutes

- Presentation of existing federal and local grants that can be used for supporting the growth of EV charging infrastructure.

ADDITIONAL FUNDING MECHANISMS

20 minutes

- Exploration of additional funding mechanisms that may be more sustainable than grant funding
- Examples of business models to support the sustainable investment of EV charging infrastructure
- Private, public, and non-profit partnerships

OPEN DISCUSSION

15 minutes

- Discussion: What funding mechanisms have you used to support EV charging infrastructure?
- Discussion: Are there any grants that your municipality is planning to apply for?

WRAP-UP

5 minutes

- Public Comment
- Summary and Next Steps

Public participation is conducted without regard to race, color, national origin, sex, age, disability, religion, or family status. Persons wishing to express concerns, who require special assistance under the Americans with Disabilities Act, or who require language services (free of charge) should contact MetroPlan Orlando by phone at (407) 481-5672 or by email at info@metroplanorlando.gov at least three business days prior to the event.

La participación pública se lleva a cabo sin distinción de raza, color, origen nacional, sexo, edad, discapacidad, religión o estado familiar. Las personas que deseen expresar inquietudes, que requieran asistencia especial bajo la Ley de Americanos con
