Work Zone Awareness Week – April 20-24, 2026

◆ Why it matters:

- Changing road patterns
- Narrowed lanes
- Reduced Speeds
- Crews working a few feet away

◆ Be Aware and Be Slow:

- Limit distractions
- Excessive Speed = Serious consequences

FROM WORK ZONES TO EVERYDAY ROADS, APRIL HIGHLIGHTS THE IMPORTANCE OF STAYING FOCUSED BEHIND THE WHEEL.

With Distracted Driving Awareness Month, National Walking Day, and NHTSA's Drug-Impaired Driving Campaign, here are a few tips to keep everyone safe.

Use caution around work zones.

Slow down or move over for stopped vehicles.

Limit distractions.

Watch for people walking and biking.

Obey traffic signs and signals.

Approach intersections with caution.

Show compassion to yourself and others.

Don't let love ones drive impaired.

Thank you for your attention!
