VII. Public Comments on Action Items

Comments from the public will be heard pertaining to items on the agenda for this meeting. People wishing to speak must complete a "Speakers Introduction Card" at the reception desk. Each speaker is limited to two minutes.

VIII. Action Items

A. Approval of Minutes of Previous Meeting (Tab 1)

Action is requested for approval of the June 2, 2016 meeting minutes.

B. Approval of FY 2016/17-2020/21 Transportation Improvement Program

Action is requested by Mr. Keith Caskey, MetroPlan Orlando staff, to recommend approval of the FY 2016/17-2020/21 Transportation Improvement Program. This document includes the transportation projects in the MetroPlan Orlando region that are programmed for funding over the next five years. The draft TIP can be reviewed at <http://www.metroplanorlando.com/files/view/draft-tip-for-2016-17-2020-21.pdf>

C. Repurposing of Federal Earmarks

At the June MAC meeting, the committee recommended that old federal earmarks be used to close the gap in additional funding needed for quiet zones in the region. Since then, new information has become available. It is requested that the committee discuss the new information and choose whether to stick with the original recommendation to use earmarks for quiet zones or revise the recommendation.

IX. Presentations/Status Reports

A. Preview of 2021/22-2039/2040 Prioritized Project List (Tab 2)

Mr. Keith Caskey, MetroPlan Orlando staff, will present a preview of the new FY 2021/22-2039/40 Prioritized Project List (PPL). The PPL will be presented to the committees and board for approval in August/September and submitted to FDOT by the September deadline. A copy of the draft PPL is attached. In addition, the updated version of last year's FY 2020/21-2039/40 PPL that highlights the projects now funded through construction is also provided for cross reference purposes.

B. I-4 Ultimate and Beyond the Ultimate Project Update

Mr. Frank O'Dea, Florida Department of Transportation, will provide a project update on the I-4 Ultimate project and Beyond the Ultimate.

C. Presentation on Tracking of PD&E Studies

Mr. Gary Huttman, MetroPlan Orlando staff, will give a presentation on the effort to track PD&E studies that are underway in the MetroPlan Orlando area.

I. CALL TO ORDER

Chairman Charles Lacey called the meeting to order at 9:30 a.m.

II. PLEDGE OF ALLEGIANCE

Chairman Lacey led the committee in the Pledge of Allegiance.

III. CHAIR'S ANNOUNCEMENTS

Chairman Lacey told MAC members that the MAC Nominating Subcommittee met and there will be a report from that subcommittee later in the agenda. He reported that he is unable to attend the June 8th MetroPlan Orlando board meeting and Mayor Bruhn will attend as the MAC representative.

IV. CONFIRMATION OF QUORUM

Ms. Goldfarb confirmed a quorum was present.

V. AGENDA REVIEW/FOLLOW-UP

Ms. Virginia Whittington told MAC members that there were no changes to the agenda and they were ready to move forward.

VI. PARTNER REPORTS

LYNX

Mr. Doug Robinson, LYNX, told MAC members that the LYNX board authorized a Request for Proposals for a SR 436 corridor study. The study, he noted, will include 22 miles from Orlando International Airport to SR 434. Mr. Robinson added that LYNX authorized entering into an interlocal agreement between the City of Orlando, Orange County, Seminole County, and FDOT for the corridor study. He reported that LYNX is currently conducting a LYMMO survey and they are looking to implement a LYMMO/Bus Rapid Transit business plan. Discussion, he added, is occurring with Maitland and Maitland Center representatives regarding delayed NeighborLink trips and they are working on getting the service back on track. He reported that surveys are being conducted to get the Maitland Neighborlink service aligned with employee work times. Mayor Durso expressed his concern regarding bus connectivity to the Longwood SunRail station. Bus service, he commented, does not run to the station and local constituents have

expressed their concerns regarding the lack of connection service into the station. Mayor Durso will forward an email he received from a constituent regarding the issue to LYNX staff and he requested that he receive a formal response from LYNX. Mr. Robinson responded that LYNX staff is looking into the issue and he had spoken to Ms. Sheryl Bower, City of Longwood staff, regarding alternatives to provide the connectivity to the station. Mr. Robinson reported that he is evaluating the connectivity options. Mayor Durso commented that the email he received from a constituent had been sent to LYNX staff and LYNX staff had not responded adequately. He noted that this type of inadequate response reflects poorly on the elected officials, who are actively working on options for connectivity. Mr. Robinson responded that he will look into the trail on the response to the Longwood constituent. Mayor Dale McDonald commented on the Maitland NeighborLink service and the lack of sensitivity to the riders' needs regarding when they needed to be at work.

FDOT

Mr. Jamil Gutierrez, FDOT, reported that SunRail ridership has remained at the 3,000 plus level and monthly outreach is ongoing to local businesses, hospitals, etc. with plans to expand outreach to Seminole County. He told MAC members that groundbreaking took place for SunRail Phase II south and construction continues, as well as plans for Phase III, the connection to the Orlando International Airport. Current information on everything SunRail-related can be found on the SunRail.com website. Mr. Gutierrez reported that the Wekiva Parkway Section 6 is undergoing right-of-way acquisition and was advertised for design/build in May 2016. He informed committee members that Section 7A will be entering a plans update and right-of-way acquisition phase in December 2017 and FDOT is currently seeking a consultant for design for that section. Section 8, he noted, is currently going through a line and grade update and, in 2017 FDOT will advertise for design/build procurement. Coordination, he added, continues with local, state and federal partners as well as community outreach efforts. Mr. Gutierrez told committee members that the I-4 Ultimate project has been under construction for 21 months and construction is expected to last an additional five years. He noted that work from Saxon Blvd to the bridge was causing some delays in that area and major interchanges at Kirkman Road, SR 408, Ivanhoe Boulevard, and Maitland are currently undergoing major construction. Mayor Durso inquired about when to expect notification from FDOT regarding the Governor's veto of the request for an additional \$10 million for quiet zones. Mr. Gutierrez responded that he was not aware of a notification letter at this time. Mayor Durso called attention to the major impact of the governor's veto, based on recent notification of increased cost estimates for the quiet zone work and a June 6th deadline for local jurisdictions to come up with the additional funds. Commissioner Sid Miller inquired about progress on I-4 Beyond the Ultimate due to planned large scale development in Lake Mary that could have a major impact on traffic in the area. Ms. Whittington responded that Congressman Mica tasked Mayor Jacobs with forming an I-4 Beyond the Ultimate Task Force. She added that the task force already held a meeting and the conversations regarding the Beyond the Ultimate project have begun. FDOT District 5 Secretary Noranne Downs and Mr. Frank O'Dea, FDOT staff member, have been providing outreach on the I-4 expansion efforts. Ms. Whittington told MAC members that she can request that Secretary Downs and Mr. O'Dea provide an update to MAC at a future meeting. Council President Dowless inquired about the funds that were remaining from the original \$10 million quiet zone allocation and

the hold up in allocating those fund to quiet zone round two applicants. Mayor McDonald commented that he spoke to local elected officials regarding the quiet zone funding and they seemed unaware of the quiet zone funding issues. Mayor Bruhn asked about the status of municipality code enforcement along the SunRail corridor. Ms. Whittington responded that she was under the impression that Mr. Miguel Torres from SunRail would be working with the municipalities on the code enforcement issue, but she will check back to confirm.

Florida's Turnpike Enterprise

Ms. Carol Scott, Florida's Turnpike Enterprise, reported that the large interchange at the Turnpike and SR 417 had three of the movements open and they are finalizing construction on the last three movements. She told MAC members that a public hearing was being held that evening for the Turnpike widening project from north of SR 50 to I-75. The public hearing, she added, would be held at Minneola City Hall with an open house at 5:30 p.m. and the formal presentation at 6:30 p.m. She noted that the project would include the addition of two express lanes.

Mr. Doug Robinson informed committee members that LYNX will also be conducting public hearings for their proposed August service changes. The public hearings, he noted, would be June 14th in Altamonte Springs, June 15th in Kissimmee and June 16th at LYNX Central Station.

VII. Public Comments on Action Items

None.

VIII. Action Items

A. Approval of Minutes of Previous Meeting

Action was requested for approval of the May 5, 2016 meeting minutes.

MOTION: Mayor Joe Durso moved for approval of the May 5, 2016 meeting minutes. Mayor Gary Bruhn seconded the motion, which passed unanimously.

B. Election of 2017 Officers

The Nominating Subcommittee met June 2, 2016 at 9:00 a.m. to recommend a slate of officers for the term of July 2016 through June 2017. The Nominating Committee Chair, Mayor Charles Lacey, was recognized to present the recommendations for Chairman, 1st Vice Chairman, and 2nd Vice Chairman. Nominations were also requested from the floor. Chairman Lacey told MAC members that after deliberation, the subcommittee recommended Mayor Gary Bruhn for Chairman, Council President John Dowless for 1st Vice Chairman, and Mayor Dominic Persampiere for 2nd Vice Chairman. He reported that discussion took place regarding making the Chairman's seat a two-year term in order for the Chairman to allow for more consistency. A

bylaws subcommittee will be formed to address the change in the bylaws, which currently allow for a two-year term, but do not require it. Mayor Durso, Commissioner Keller, Mayor Leary, and Mayor McDonald volunteered to serve on the Bylaws Review Subcommittee. The subcommittee will meet immediately following the July 7th MAC meeting.

MOTION: Commissioner Joel Keller moved for approval of the proposed slate of officers. Mayor Joe Durso seconded the motion, which passed unanimously.

C. Repurposing of Federal Earmark Funds - Staff Recommendation

Mr. Gary Huttman, MetroPlan Orlando, explained a provision that was contained in the new federal transportation bill (the FAST Act) regarding repurposed earmarks, old qualifying earmarks in our 3-county area and the staff recommendation that uncommitted funds be used to advance project development of premium transit projects included on the MetroPlan Transit Prioritized Project List. A bulletin describing the repurposing process was provided along with a spreadsheet showing the projects in the MetroPlan Orlando region that have earmark funds available for repurposing. Mr. Huttman told committee members that legislators no longer use earmarks to set aside funding for projects and the state was given the authority to repurpose funding that remained available. He noted that the City of Orlando remained committed to using earmark funds they had received on the Alden Road project, the City of Sanford on the roundabout earmark funds had been allocated to, and the Town of Windermere on pedestrian safety improvements. The FDOT Central Office, in turn, gave the authority to the FDOT District Office to designate projects locally to advance with the funds. MetroPlan Orlando has coordinated with District 5, he reported, on allocating the available \$3 million which needs to be allocated by August and requires MetroPlan Orlando board approval. Mr. Huttman added that the funds would be required to be obligated by September 30, 2019 and staff has been looking at what projects could advance and make the best use of the funds, within the time frame requirements. He told MAC members that three projects were identified for consideration, including the US 192 Bus Rapid Transit (BRT), the SR 50 Bus Rapid Transit, and the LYNX LYMMO north/south expansion. He told MAC members that the Community Advisory Committee had recommended allocating \$1 million to each of the staff recommended projects, with the caveat that if one project was no longer viable, the remaining funds be allocated equally to the remaining project(s). Mr. Huttman added that the Transportation Systems Management and Operation Committee approved the staff recommendation and the Technical Advisory Committee did not take action at that time. He reported that staff had just received notification from FDOT that the earmark funds could be allocated to the Maitland Boulevard project and funds from the Maitland Boulevard project could be reallocated at a later date to a project(s) that could be determined, thereby eliminating the short time frame requirements. Council President Dowless asked if the reallocated funding could be used for quiet zones. Mr. Huttman responded that he thought that it might be possible for the funds to be used for quiet zones, but he needed to research it.

Ms. Virginia Whittington told MAC members that the 2015 quiet zone appropriation included five grant applications from local jurisdictions and all were approved. Recently the local jurisdictions received notification that the current estimates exceeded the original estimates and they needed to come up with funding for the cost difference by June 6th if they wanted to move forward. Discussion ensued regarding why the cost estimates increased and if the revised cost estimates were correct. Ms. Whittington explained that the SunRail team issued a request for proposals for quiet zones, but they received no bids. As a result of the lack of bids, the SunRail Phase II contractor provided a quote. Ms. Whittington stated that much of the increase has resulted from rising construction costs and some additional equipment that is needed in order to handle the planned improvements.

MOTION: Council President John Dowless moved for approval of applying the earmark funds to the Maitland Boulevard project, with the replacement funds from the Maitland Boulevard project being allocated to quiet zones. Mayor Joe Durso seconded the motion for the purpose of discussion.

RESTATED MOTION: Council President John Dowless moved for approval of applying the earmark funds available to quiet zones. Mayor Joe Durso seconded the motion, which passed 11:1 (Miller opposed).

D. Central Florida MPO Alliance Prioritized Project List

Action was requested by Ms. Virginia Whittington, MetroPlan Orlando staff, to recommend approval of the draft Central Florida MPO Alliance (CFMPOA) Prioritized Project List, which included a list of highway, trail and transit projects that are of regional significance. The draft list was provided. Ms. Whittington told MAC members that the CFMPOA, which had been meeting for a number of years, decided in 2013 to look at projects of regional significance. Alliance members, she added, implemented a formal prioritization process for Strategic Intermodal System, trail, and transit projects compiled by each respective M/TPO. Trail projects that were unfunded, she added, were listed as unranked on the trail list. Ms. Whittington noted that the lists were reviewed yearly, updated and the revised drafts are approved by the agencies boards and committees prior to approval by the CFMPOA. She then reviewed the changes that had been made during the recent update. Ms. Whittington reported that at the last CFMPOA meeting, a question was raised regarding the Shingle Creek Trail, which crosses urban boundaries, and why it was not included on the trails list. In the past, she noted, only trails that crossed regional boundaries had been included. At the request of staff, a change was made to also include trails that cross urban boundaries and the Shingle Creek trail was added to the trail priority list. Ms. Whittington told committee members that the third list was transit projects that were all high capacity Bus Rapid Transit or rail projects and privately funded projects had also been included. Action will be taken on the draft list at the July 15 CFMPOA meeting.

MOTION: Mayor Gary Bruhn moved for approval of the draft Central Florida MPO Alliance (CFMPOA) Prioritized Project List. Commissioner Joel Keller seconded the motion, which passed unanimously.

IX. Presentations/Status Reports

A. Preview of FY 2016/17-2020/21 Transportation Improvement Program

Mr. Keith Caskey, MetroPlan Orlando staff, presented a preview of the new FY 2016/17-2020/21 Transportation Improvement Program (TIP). Copies of the FDOT highway and bicycle and pedestrian projects and the LYNX transit projects were provided. A copy of the FY 2020/21-2039/40 Prioritized Project List that was adopted last year was also provided and had been updated to show the latest project phases that have been funded based on the new TIP. The TIP will be presented for action at the July 7th MAC meeting.

The meeting was briefly suspended at 10:30 a.m. due to a fire alarm. The meeting resumed at 10:50 a.m.

Mr. Caskey provided some background information on the TIP and reviewed the changes that had been made for the new TIP. He called attention to the addition of toll road projects to the lists. Those projects had not been included in the past, he noted, due to them being funded through tolls. A TIP public hearing, he added, will be held on Monday, June 20th at MetroPlan Orlando with maps available at 5:30 p.m. and the hearing at 6:00 p.m.

B. Intelligent Transportation Systems (ITS) Master Plan and Update on Federal Grant Application

Mr. Eric Hill, MetroPlan Orlando staff, provided a brief status report on the ITS Master Plan and overview of the regional effort to develop a grant application for the USDOT Advanced Transportation and Congestion Management Technologies Deployment Initiative. Mr. Hill told MAC members that he has worked with partners and stakeholders to enhance local transportation and establish goals for the ITS Master Plan. The goals established, he added, were performance, efficiency and reliability; information, communication and technology; safety and security; and environment and quality of life. Mr. Hill told committee members that moving forward they have completed task two, which included documenting the current conditions. Mayor Leary asked if efforts were being made to coordinate the technology with other agencies and if they were working on a peopleless system or still using people to collect data. Mr. Hill responded that they were coordinating the technology with other agencies and he explained the data collection process. He noted that the ITS project has evolved over time and that MetroPlan Orlando, for the past six years, had been identifying corridors to reset signals but they will now be taking over managing the contract for the project. Mr. Hill added that an independent evaluation will still be conducted.

Mr. Hill also updated MAC members on the status of the on the USDOT Advanced Transportation and Congestion Management Technologies Deployment Initiative grant application. He told MAC members that Congressman Mica hosted an ITS workshop at MetroPlan Orlando in November 2015 and he told participants that a new transportation bill was being put together and will include grant funding for innovative technologies. Mr. Hill added that the Fixing America's Surface Transportation Act (FAST) passed and included \$60 million per year, with an up to 50% federal match, from 2016 to 2020 for innovative technologies. The grant theme covered three areas: pedestrian safety, fare integration, and arterial management, he noted, and FDOT agreed to have MetroPlan Orlando's application be the one out of all the local districts to go forward and they have already committed to the 50% share. Mr. Hill informed committee members that a workshop was held with stakeholders to determine what to address in the grant. Mayor Persampiere commented that MetroPlan Orlando could partner with the City of Oviedo on their technology which utilized camera technology to adjust traffic signal to demand. Mr. Hill noted that Seminole County also already uses several Bluetooth readers. Mayor Persampiere added that Mitchell Hammock Road from Lockwood Road to just past SR 417 is being used as the corridor test site for the camera technology and the company has offered a money back guarantee if the system does not reduce congestion.

X. General Information

DRAFT

FY 2021/22-2039/40 Prioritized Project List

This document includes the draft list of highway, Transportation Systems Management & Operations, bicycle & pedestrian, transit and TRIP projects that have been developed for the FY 2021/22-2039/40 Prioritized Project List. This is being presented for information purposes to the MetroPlan Orlando advisory committees and Board. Projects that have been added this year are identified as *New*, and the projects carried over from last year’s PPL with new ranking numbers have their old ranking numbers from last year shown in parenthesis. Action will be requested to approve the Prioritized Project List at the August/September meetings.

FY 2021/22 Funding Allocation Estimates

Surface Transportation Program (SU) funds = Approx. \$27.3 million (Annual average of SU funds programmed from FY 2016/17 through 2020/21)

- 32% of \$27.3 million for Highway Projects = \$8.7 million
- 30% of \$27.3 million for Transit Projects = \$8.2 million
- 21% of \$27.3 million for TSMO Projects = \$5.7 million
- 17% of \$27.3 million for Bicycle & Pedestrian (Enhancement) Projects = \$4.7 million

District Dedicated Revenue (DDR) funds = Approx. \$71.7 million (Annual average of DDR highway funds programmed from FY 2016/17 through 2020/21) *(Note: Beginning in FY 2020/21, MetroPlan Orlando will allocate up to 30% of DDR funds for the operation of the premium transit projects specifically identified in the 2040 LRTP that are ready to utilize the funding. The remaining DDR funds will be combined with the SU funds for the highway projects.)*

National Highway System (NHS) funds = Approx. \$111.1 million (Annual average of NHS funds programmed from FY 2016/17 through 2020/21)

Transportation Regional Incentive Program (TRIP) funds = Approx. \$8.1 million (Annual average of TRIP funds programmed from FY 2016/17 through 2020/21)

① Multimodal/Context Sensitive improvements are non-capacity projects designed to improve traffic flow on constrained roadways without adding lanes. These projects can include such improvements as bicycle & pedestrian facilities (bike lanes, wider sidewalks, etc.), transit improvements (bus rapid transit/BRT, designated transit lanes, bus bays and shelters, etc.) as well as minor intersection improvements, landscaping and drainage improvements that help improve traffic flow on existing roads without adding capacity.

② Those projects that are candidates for state funds for only the PD&E and design phases have cost estimates available just for those phases. The full cost estimates for these projects will eventually also include the right-of-way (if applicable) and construction phases, and these full cost estimates will be shown on this list once they have been provided by the local jurisdictions. Once the full cost estimates for these projects have been provided, the projects may eventually be reprioritized in order to maximize funding equity among the three counties.

① The Pine Hills Trail Phase 3 and Clarcona-Ocoee Trail projects will help close the gaps in the Coast-to-Coast Trail system within the MetroPlan Orlando area. As a result, MetroPlan Orlando considers these to be high-priority projects, and has placed these projects at the top of the bicycle & pedestrian section of the PPL without priority numbers, since they are candidates for special funding that could become available and will not be competing for SU funds with the other projects on the list.

② MetroPlan Orlando's policy for Safe Routes to School projects is that 20% of the share of Surface Transportation Program (SU) funds for bicycle & pedestrian projects and Transportation Alternative (TALU) funds be set aside each year for these projects. The TAC has recommended that the Safe Routes to School projects be ranked separately since there is a specific federal funding category for these projects. The statewide and district-wide TALU funds are directed toward regionally significant trail projects.

Note: In 2010, due to the high cost estimates for priorities #8, 9 and 10, the Bicycle & Pedestrian Advisory Committee (BPAC) established a cost cap for the bicycle & pedestrian projects in the Prioritized Project List. Based on the cap adopted by the BPAC, any new project with a cost estimate greater than \$4 million will be broken into phases of not more than \$4 million per phase. As a result of this action, the original project limits of priorities #8, 9 and 10 were split into phases, and this action applies to all future projects on the list.

**FY 2020/21-2039/40 Prioritized Project List
Adopted May 2015 - Updated May 2016 Based on
FY 2016/17-2020/21 Tentative Five Year Work Program**

This is the list of highway, Transportation Systems Management & Operations (TSMO), bicycle and pedestrian, transit and TRIP projects from the FY 2020/21-2039/40 Prioritized Project List (PPL) that was adopted in May 2015. These project lists were updated in May 2016 to highlight those projects that have had new phases funded by FDOT in the FY 2016/17-2020/21 Tentative Five Year Work Program or by local jurisdictions. New phases funded for those projects since last year's PPL are shown in ***bold italic***. This updated list was developed for the purpose of providing a starting point for developing the list of projects to be included in the FY 2021/22-2039/40 Prioritized Project List.

The figures shown in the Estimated Remaining Cost column for the highway projects are present-day cost estimates provided by FDOT.

The PPL is normally adopted by the MetroPlan Orlando Board each year in September and submitted to FDOT no later than October 1st. However, due to the early start for the 2016 Florida legislative session, the PPL was on an accelerated schedule in 2015 and was adopted by the board on May 13, 2015 and was submitted to FDOT.

FY 2021/22 Funding Allocation Estimates

Surface Transportation Program (SU) funds = Approx. \$27.3 million (Annual average of SU funds programmed from FY 2016/17 through 2020/21)

32% of \$27.3 million for Highway Projects = \$8.7 million

30% of \$27.3 million for Transit Projects = \$8.2 million

21% of \$27.3 million for TSMO Projects = \$5.7 million

17% of \$27.3 million for Bicycle & Pedestrian (Enhancement) Projects = \$4.7 million

District Dedicated Revenue (DDR) funds = Approx. \$71.7 million (Annual average of DDR highway funds programmed from FY 2016/17 through 2020/21) *(Note: Beginning in FY 2020/21, MetroPlan Orlando will allocate up to 30% of DDR funds for the operation of the regionally transformative transit projects specifically identified in the 2040 LRTP that are ready to utilize the funding. The remaining DDR funds will be combined with the SU funds for the highway projects.)*

National Highway System (NHS) funds = Approx. \$111.1 million (Annual average of NHS funds programmed from FY 2016/17 through 2020/21)

Transportation Regional Incentive Program (TRIP) funds = Approx. \$8.1 million (Annual average of TRIP funds programmed from FY 2016/17 through 2020/21)

Note: The ranking of priorities and the project limits were changed from that of previous PPLs to reflect FDOT's current I-4 Beyond the Ultimate plan and schedule as well as the SIS priorities adopted in July 2015 by the Central Florida MPO Alliance and the MetroPlan Orlando Board.

- ① The I-4 Beyond the Ultimate project from west of SR 528 to west of Kirkman Road will be funded for construction from 2025 to 2027 based on FDOT's 10-year SIS plan, beyond the scope of the FY 2016/17-2020/21 Five Year Work Program/TIP.
- ② Although they are outside the MetroPlan Orlando region, the I-4 Beyond the Ultimate projects from the Seminole/Volusia Co. line to SR 472 in Volusia County and from west of US 27 to the Polk/Osceola County Line in Polk County are included in MetroPlan Orlando's PPL for information purposes in order to show the entire length of the I-4 Beyond the Ultimate improvements.

① Multimodal/Context Sensitive improvements are non-capacity projects designed to improve traffic flow on constrained roadways without adding lanes. These projects can include such improvements as bicycle & pedestrian facilities (bike lanes, wider sidewalks, etc.), transit improvements (bus rapid transit/BRT, designated transit lanes, bus bays and shelters, etc.) as well as minor intersection improvements, landscaping and drainage improvements that help improve traffic flow on existing roads without adding capacity.

② Priorities 5 and 6 and 10 through 50 are candidate projects for state funds for PD&E and design phases and the only cost estimates for these projects that are currently available are for those phases. The full cost estimates for these projects will also include the right-of-way (if applicable) and construction phases, and these full cost estimates will be shown on this list once they have been provided by the local jurisdictions. Once the full cost estimates for these projects have been provided, the projects may eventually be reprioritized in order to maximize funding equity among the three counties.

Note: The BPAC recommends that 20% of MetroPlan Orlando's set-aside of Surface Transportation Program (SU) funds for bicycle & pedestrian projects and Transportation Alternative (TALU) funds be set aside each year for Safe Routes to School projects (#1-6). The BPAC also recommends that statewide and district-wide TALU funds be directed toward regionally significant trail projects.

① The Pine Hills Trail Phase 3 and Clarcona-Ocoee Trail projects will help close the gaps in the Coast-to-Coast Trail system within the MetroPlan Orlando area. As a result, the BPAC considers these to be high-priority projects, and is recommending that these projects be placed at the top of the bicycle & pedestrian section of the PPL without priority numbers, since they are candidates for special funding that could become available, and will not be competing for SU funds with the other projects on the list.

Note: Due to the high cost estimates for priorities #17, 18 and 19, the Bicycle & Pedestrian Advisory Committee (BPAC) approved the establishment of a cost cap for the bicycle & pedestrian projects in the Prioritized Project List. Based on the cap adopted by the BPAC, any new project with a cost estimate greater than \$4 million will be broken into phases of not more than \$4 million per phase. As a result of this action, the original project limits of priorities #16, 17 and 18 were split into phases, and this action applies to all future projects on the list.

① The I-4 pedestrian bridge project is unranked since the City of Orlando is requesting funding for the project other than SU funds.

② These Longwood Pedestrian Corridor projects were added to the list as unranked by the BPAC since they did not meet the BPAC's minimum scoring requirements for prioritization but are considered to be important for linkage with the other Longwood Pedestrian Corridor projects (#29 and 30) and for their proximity to the Longwood SunRail station.

Note: For funding equity purposes regarding TRIP funds, MetroPlan Orlando's policy is that, for any TRIP funding allocation for the MetroPlan Orlando area in FY 2015/16, each of the three counties will receive a percentage of the allocation based on population percentages, with Orange County receiving 64%, Seminole County receiving 21.3% and Osceola County receiving 14.7%. Each of the counties will then set aside 22% of their TRIP funding allocations for LYNX projects. If MetroPlan Orlando receives a TRIP funding allocation in FY 2015/16, Orange County's share of those funds will be used for the SR 528/Innovation Way interchange project (ranked #1 on the list) and the other projects on the TRIP list will remain in their current priorities as shown on the list. However, if MetroPlan Orlando does not receive any TRIP funds in FY 2015/16, and the SR 528/Innovation Way interchange project is funded through construction with funding categories other than TRIP funds and moves off the list, Orange County's next priority, the 4-laning of Boggy Creek Road from Simmons Road to SR 417 (ranked #5 on the list), will move up to the #1 priority on the TRIP list, since Orange County has not had any projects funded with TRIP funds since FY 2008/09. For FY 2016/17 and beyond, MetroPlan Orlando's TRIP funding allocation will not be divided into percentages for the counties, and the projects on the TRIP list will be funded based on priority and the availability of TRIP funds and local matching funds.

Board Meeting Highlights - June 8, 2016

- **Chairman's Announcements:** Cmsr. Boyd welcomed members and Mayor Bruhn led the Pledge of Allegiance. Cmsr. Boyd thanked Second Harvest Food Bank for hosting the meeting and introduced Mr. Dave Krepcho who thanked his staff and spoke briefly about Second Harvest Food Bank operations. Commissioner Clarke provided a report on the May 12 TDLCB meeting and Mayor Dyer provided a report on the May 25th Commuter Rail Commission meeting.
- **Executive Director's Announcements:** Mr. Barley acknowledged Board Alternates: Cmsr. Diane Velazquez for Mayor Kilsheimer; Mayor Gary Bruhn for Mayor Lacey; Mr. Frank O'Dea for Sec. Downs and Ms. Mary Moskowitz for Ms. Andrea Ostrodka. Acknowledged Special Guests: Kissimmee City Commissioner Jose Alvarez. He called attention to the good work at Second Harvest and told committee members that contributions could be made at the meeting or on the Second Harvest website. Mr. Barley introduced Roneice Weaver, Hebni Nutrition who spoke about the mobile food market program they offer to underserved populations. He congratulated Mr. Stephen Smith and Commissioner Victoria Siplin on their recent completion of the MPOAC Institute program. Mayor Jacobs requested the floor to introduce Mr. Edward Johnson, new LYNX CEO. She asked if an update on LYNX operations could be provided at a future MetroPlan Orlando board meeting.
- **Public Comments:** Mr. Tom Narut commented on the traffic and bottleneck issues on east SR 50. Ms. Joanne Cornelis commented on the need for 24 hour bus and rail service locally. Ms. Christina Foglesong commented on traffic issues on Sand Lake Road and provided information on a possible I-4 slip ramp solution.
- **Unanimously Approved Consent Items:** A-E.
- **Approved** Repurposing of Federal Earmarks to the Maitland Blvd project, with replacement funds from the project allocated to future projects to be determined with board approval. Roll Vote taken 15:1 (Bruhn opposed).
- **Unanimously Approved** exploring hosting possibilities for the ECFRPC, with a caveat that LYNX also be included in the discussion as a possible site for ECFRPC offices.
- **Presentations:** Preview of the Draft 2016/17-2020/21 Transportation Improvement Program; Shingle Creek Trail Overview and Status Report; Central Florida Expressway Authority 2040 Master Plan.
- **Public Comments:** Mr. John Casselberry, commented on pedestrian safety issues where Park Avenue intersects with US 17/92.
- **Next Board Meeting - July 13, 2016**
