

MUNICIPAL ADVISORY COMMITTEE AGENDA

July 6, 2017 @ 9:30 A.M.

MUNICIPAL ADVISORY COMMITTEE MEETING NOTICE

DATE: Thursday, July 6, 2017

- LOCATION: MetroPlan Orlando David L. Grovdahl Board Room 250 S. Orange Avenue, Suite 200 Orlando, FL 32801 **<u>Click here for Directions to Our Office</u>**
- TIME: 9:30 a.m.

AGENDA

Thank you for silencing your cell phones during the meeting.

- I. CALL TO ORDER
- II. PLEDGE OF ALLEGIANCE
- III. CHAIRMAN'S COMMENTS Chairman John Dowless
- IV. AGENDA REVIEW Ms. Virginia Whittington
- V. CONFIRMATION OF QUORUM Ms. Cathy Goldfarb

VI. PUBLIC COMMENTS ON ACTION ITEMS

Comments from the public will be heard pertaining to <u>Action Items</u> on the agenda for this meeting. People wishing to speak must complete a "Speakers Introduction Card" at the reception desk. Each speaker is limited to two minutes. People wishing to speak on other items will be acknowledged under Agenda Item XI.

VII. ACTION ITEMS

A. Approval of June 8, 2017 Meeting Minutes (Tab 1)

Approval is requested of the June 8, 2017 meeting minutes, provided at Tab 1.

B. FY 2017/18 - 2021/22 Transportation Improvement Program (Tab 2)

Action is requested by Mr. Keith Caskey, MetroPlan Orlando staff, to recommend approval of the FY 2017/18 - 2021/22 Transportation Improvement Program (TIP). This document includes the transportation projects in the MetroPlan Orlando region that are programmed for funding over the next five years. The draft TIP is included at **Tab 2.** A fact sheet on the TIP, the TIP public hearing summary and the draft TIP approval resolution for the July 12th Board meeting are also included.

C. FY 2022/23 - 2039/40 Prioritized Project List (Tab 3)

Action is requested by Mr. Nick Lepp, MetroPlan Orlando staff, to recommend approval of the FY 2022/23 - 2039/40 Prioritized Project List (PPL). This document includes a list of highway, transportation systems management and operations, bicycle and pedestrian, and transit projects that have been ranked in order of priority. FDOT will use the PPL in developing their FY 2018/19-2022/23 Five Year Work Program. The draft PPL and a fact sheet are found at **Tab 3**.

VIII. PRESENTATIONS AND STATUS REPORTS

A. Presentation on Transportation Systems Management & Operations (TSMO) Activities

Ms. Crystal Mercedes, MetroPlan Orlando staff, will give a presentation on the latest Transportation Systems Management and Operations (TSMO) activities underway in the MetroPlan Orlando region.

IX. GENERAL INFORMATION (Tab 4)

A. PD&E Study Tracking Status Report

A status report tracking the progress of PD&E studies in the MetroPlan Orlando region is enclosed for information purposes.

B. FDOT Quarterly Variance Report

The latest FDOT Quarterly Variance Report for the MetroPlan Orlando region is enclosed.

C. FDOT Monthly Construction Status Report

The latest FDOT monthly construction status report for the Orlando area is enclosed.

D. Air Quality Report

The latest air quality report for the MetroPlan Orlando area will be provided at the meeting.

E. MetroPlan Orlando Board Highlights

Highlights from the June 2017 MetroPlan Orlando Board meeting are enclosed.

X. UPCOMING MEETINGS OF INTEREST

- A. MetroPlan Orlando Board meeting July 12, 2017
- B. Next Municipal Advisory Committee meeting September 7, 2017 at 9:30 a.m.

XI. MEMBER COMMENTS

XII. PUBLIC COMMENTS (GENERAL)

XIII. ADJOURNMENT

In accordance with the Americans with Disabilities Act (ADA), *if any person with a disability as defined by the ADA needs special accommodations* to participate in this proceeding, he or she should contact MetroPlan Orlando staff member Ms. Cathy Goldfarb (contact info below), at least three days prior to the event. In addition, *persons requiring translation services, which are provided at no cost,* should also contact Ms. Goldfarb at least three business days prior to the event. <u>Contact Information</u>: Cathy Goldfarb | (407) 481-5672 x315 | Email: cgoldfarb@metroplanorlando.org | Address: MetroPlan Orlando, 250 S. Orange Avenue, Suite 200, Orlando, Florida, 32801

TAB 1

MUNICIPAL ADVISORY COMMITTEE MINUTES

DATE: Thursday, June 8, 2017

LOCATION: MetroPlan Orlando Board Room 250 S. Orange Avenue, Suite 200 Orlando, Florida 32801

TIME: 9:30 a.m.

Mayor Gary Bruhn, Chairman, presided

Members in attendance:

Mayor Nathan Blackwell, City of St. Cloud Mayor Gary Bruhn, Town of Windermere Council President John Dowless, City of Edgewood Mayor Joe Durso, City of Longwood Commissioner Joel Keller, City of Ocoee Mayor Steve Leary, City of Winter Park Mayor A. Dale McDonald, City of Maitland Commissioner Joseph McMullen, Town of Oakland Commissioner Sid Miller, City of Lake Mary Mayor Lydia Pisano, City of Belle Isle

Members not in attendance:

Mayor Eddie Cole, Town of Eatonville Mayor Charlene Glancy, City of Casselberry Mayor Charles Lacey, City of Winter Springs Mayor Dominic Persampiere, City of Oviedo Vacant, City of Winter Garden

Others in attendance were:

Mr. Doug Robinson, LYNX Ms. Kellie Smith, FDOT Ms. Allison Stettner, Florida's Turnpike Enterprise Mr. Eric Hill MetroPlan Orlando Mr. Nick Lepp, MetroPlan Orlando Mr. Keith Caskey, MetroPlan Orlando Ms. Cathy Goldfarb, MetroPlan Orlando

I. CALL TO ORDER

Chairman Gary Bruhn called the meeting to order at 9:30 a.m.

II. PLEDGE OF ALLEGIANCE

Mayor Leary led the Pledge of Allegiance and Chairman Bruhn led the committee in the invocation.

III. CHAIR'S ANNOUNCEMENTS

Chairman Bruhn told MAC members that the Nominating/Bylaws Task Force met at 9:00 a.m. that morning and a report on the Task Force recommendations was slated for later in the agenda.

IV. CONFIRMATION OF QUORUM

Ms. Goldfarb confirmed a quorum was present.

V. AGENDA REVIEW/FOLLOW-UP

Mr. Eric Hill reported that there were no additions to agenda. He called attention to items in the supplemental folders which included information on LAP certification and the air quality report.

VI. PARTNER REPORTS

<u>LYNX</u>

Mr. Doug Robinson, LYNX, reported that the LYNX Transit Development Plan update process has kicked off and public hearings were planned for July and September. He told MAC members that a route optimization study is underway and education and outreach will play an important role in the study. Mr. Robinson noted that the next service change process is also underway for the August 20th service changes, but no big service changes are anticipated. He added that there will be some service changes made in response to the new terminal opening at Orlando International Airport slated for August 2017.

FDOT

Ms. Kellie Smith, FDOT, told MAC members that FDOT has accelerated their Work Program process in response to the early legislative session. She noted that the Work Program Public Hearings will be held the week of October 9-13. A presentation on FDOT's LAP Certification process, she added, was slated for later in the agenda.

Florida's Turnpike Enterprise

Ms. Allison Stettner, Florida's Turnpike Enterprise (FTE), reported that the new interchange in Minneola at Mile Post 279 is opening June 10th which should help with traffic congestion on west SR 50. She told Committee members that a 5K has been planned on June 10th as part of the opening and told MAC members they still had the opportunity to sign up for the race.

VII. Public Comments on Action Items

None.

VIII. Action Items

A. Approval of May 4, 2017 Meeting Minutes

Approval was requested of the May 4, 2017 meeting minutes, which were provided. Commissioner Miller requested that the minutes reflect his questioning the accuracy of Mr. Hill's statement that the Seminole County cameras are not directed at traffic. He stated that he checked on the use of cameras in Seminole County after the May MAC meeting and was informed that the cameras are directed properly and there was no policy in place prohibiting directing them at traffic. Mayor Durso added that he checked on the cameras as well and was told the same thing. Mr. Hill commented that his information was based on Seminole County Board of County Commissioner's unanimous action at their March 27, 2001 meeting and he could provide that information for MAC members.

MOTION: Mayor Joe Durso moved for approval of the May 4, 2017, meeting minutes as amended. Commissioner Sid Miller seconded the motion, which passed unanimously.

B. Recommendations of Nominating & Bylaws Review Task Force

The Nominating and Bylaws Review Task Force met immediately prior to the Municipal Advisory Committee meeting to recommend a slate of officers for the term July 2017 through June 2019 as well as review the MAC bylaws and make updates as necessary. Approval of the subcommittee's recommendations was presented to the full MAC for approval. Newly elected officers will assume their roles effective July 1, 2017. Mayor Nathan Blackwell chaired the Nominating and Bylaws Review Task Force. He reported that the Task Force recommended approval of revisions to the MAC bylaws to include Section 6 which deals with removal for cause. Additionally, Chairman Bruhn called attention to the incorrect numbering of subsequent sections, which will be renumbered to reflect the addition.

MOTION: Mayor Nathan Blackwell moved for approval of the MAC bylaws as amended. Mayor Joe Durso seconded the motion, which passed unanimously.

Mayor Blackwell reported that the Nominating and Bylaws Review Task Force nominated Council President John Dowless to serve as MAC Chairman for 2017-2019.

MOTION: Mayor Nathan Blackwell moved for approval of Council President John Dowless serving as Chairman for 2017-2019. Mayor Joe Durso seconded the motion.

Mayor Blackwell opened the floor for any additional nominations. There were no additional nominations from the floor.

- **MOTION:** Mayor Joe Durso moved to close nominations for MAC Chairman. Mayor Nathan Blackwell seconded the motion, which passed unanimously.
- **MOTION:** Mayor Nathan Blackwell moved for approval of Council President John Dowless serving as Chairman for 2017-2019. Mayor Joe Durso seconded the motion, which passed unanimously.

Mayor Blackwell reported that the Nominating and Bylaws Review Task Force nominated Mayor Dominic Persampiere to serve as MAC Vice-Chairman for 2017-2019.

MOTION: Mayor Nathan Blackwell moved for approval of Mayor Dominic Persampiere serving as Vice-Chairman for 2017-2019. Mayor Joe Durso seconded the motion.

Mayor Blackwell opened the floor for any additional nominations. There were no additional nominations from the floor.

- **MOTION:** Mayor Joe Durso moved to close nominations for MAC Chairman. Commissioner Joel Keller seconded the motion, which passed unanimously.
- **MOTION:** Mayor Nathan Blackwell moved for approval of Mayor Dominic Persampiere serving as Vice-Chairman for 2017-2019. Mayor Joe Durso seconded the motion, which passed unanimously.

C. 2040 Long Range Transportation Plan Amendments

Mr. Nick Lepp, MetroPlan Orlando staff, requested approval of amendments to add several new projects to the 2040 Long Range Transportation Plan (LRTP) Cost Feasible Plan. More information on these projects was provided. Mr. Lepp reviewed the six projects included in the request. He noted that the projects requested in the amendment would not impact cost feasibility. Mayor Durso asked if the 2040 LRTP process was able to move forward in light of changes in Washington. Mr. Lepp responded that there has been no direction or change at this time and the numbers are based on funding already in place over the next few years.

MOTION: Commissioner Joel Keller moved for approval of the amendments to the 2040 Long Range Transportation Plan (LRTP) Cost Feasible Plan. Mayor Steve Leary seconded the motion, which passed unanimously.

IX. PRESENTATIONS AND STATUS REPORTS

A. Preview of 2022/23 - 2039/40 Prioritized Project List

Mr. Nick Lepp, MetroPlan Orlando staff, presented a preview of the new FY 2022/23 – 2039/40 Prioritized Project List (PPL). This year, the PPL must be submitted to FDOT in July and will be presented to the committees and board for approval in the June/July committee and board meetings. A copy of the draft PPL was provided. Mr. Lepp reviewed Municipal Advisory Committee

the purpose of the Prioritized Project List, the SU funding policy, the project application tool, and the top projects in the various categories. He noted that just under \$30 million in funding was allocated for 2022/23 and the new Off-System Complete Street category had been added. Mr. Lepp explained that new projects submitted are added to the back of the list. Chairman Bruhn asked what the LaserLux G7 Retroreflectometer was. Mr. Hill explained that the LaserLux G7 Retroreflectometer is a technological device that attaches to the side of a vehicle and provides roadway measurement data, required at the federal level, as opposed to an individual needing to walk that roadway to collect the measurements. The technology, he added, will be shared throughout the region.

B. Preview of FY 2017/18 - 2021/22 Transportation Improvement Program

Mr. Keith Caskey, MetroPlan Orlando staff, presented a preview of the new FY 2017/18 -2021/22 Transportation Improvement Program (TIP). Copies of the FDOT highway, TSMO, bicycle and pedestrian, transit and commuter rail sections of the TIP were provided. A copy of the FY 2021/22 - 2039/40 Prioritized Project List (PPL) that was adopted last year and has been updated to show the latest project phases that have been funded based on the new TIP was also provided. The TIP will be presented for approval at the July 6th MAC meeting. Mr. Caskey provided a brief background on the Transportation Improvement Program noting that the TIP is a required document that is updated annually. He reviewed the projects that have had changes from the previous TIP. Mr. Caskey reported that major toll roads are not included on the Prioritized Project List due to being funded by toll revenue. He called attention to a policy change that now allowed up to 30% of District Dedicated Revenue (DDR) funds to be allocated for premium transit projects. Mr. Caskey noted that the premium transit projects that could be eligible for the DDR funding were categorized separately. He reported that the TIP Public Hearing had been scheduled for June 5th and a summary of the public hearing would be provided at the July MAC meeting. Mayor Durso asked if the project at SR 436 and Ronald Reagan Boulevard was an intersection improvement project. Mr. Caskey responded that the project was an intersection improvement.

C. Local Agency Program (LAP) Certification Presentation

Ms. Lisa Buscher, FDOT, gave a presentation on the LAP certification process for local jurisdictions interested in pursuing federal funds through MetroPlan Orlando. The presentation included which jurisdictions are currently certified, which are not, and the importance and timing of LAP certification, what the process entails, and training requirements. Ms. Buscher provided additional information on LAP Certification in the supplemental folders. Mayor Durso asked if information submitted in a project specific certification would roll over to the next project submitted. Ms. Buscher responded that the information would be sent out prior to the process start to see if there have been changes, such as in staffing. Mayor McDonald asked if the certification process applied to sidewalk projects. Ms. Buscher responded that the process applies to any project receiving Federal Highway Administration funding.

X. GENERAL INFORMATION

A. FDOT Monthly Construction Status Report

The latest FDOT monthly construction status report for the Orlando area was provided.

B. Air Quality Report

The latest air quality report for the MetroPlan Orlando area was provided at the meeting.

C. MetroPlan Orlando Board Highlights

Highlights from the May 2017 MetroPlan Orlando Board meeting were provided.

XI. UPCOMING MEETINGS OF INTEREST

A. Public Hearing for FY 2017/18-2021/22 Transportation Improvement Program & 2040 Long Range Transportation Plan Amendments

A public hearing to review the FY 2017/18-2021/22 TIP and amendments to the 2040 LRTP was held on Monday, June 5, 2017 in the MetroPlan Orlando Board Room, 250 South Orange Avenue, Suite 200, Orlando, FL 32801. Maps were available for review at 5:30 p.m. and the public hearing began at 6:00 p.m.

- B. MetroPlan Orlando Board meeting June 14, 2017
- C. Next Municipal Advisory Committee meeting July 6, 2017 at 9:30 a.m.

XII. MEMBER COMMENTS

Chairman Bruhn commented that it had been an honor to serve as MAC Chairman the past year.

XIII. PUBLIC COMMENTS (GENERAL)

None.

XIV. ADJOURNMENT

The Municipal Advisory Committee meeting was adjourned at 10:32 a.m.

The meeting was recorded and transcribed by Ms. Cathy Goldfarb.

Approved this 6th day of July 2017.

Council President John Dowless, Chairman

Ms. Cathy Goldfarb, Senior Board Services Coordinator

As required by Section 286.0105, Florida Statutes, MetroPlan Orlando hereby notifies all interested parties that if a person decides to appeal any decision made by MetroPlan Orlando with respect to any matter considered at such meeting or hearing, he or she may need to ensure that a verbatim record is made to include the testimony and evidence upon which the appeal is to be based.

RESOLUTION NO. 17-04

SUBJECT: ENDORSEMENT OF FY 2017/18 - 2021/22 TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, MetroPlan Orlando is the organization designated by the Governor as being responsible, together with the State, for carrying out the provisions of 23 U.S.C. 134, as provided in 23 U.S.C. 104 (f) (3), and capable of meeting the requirements of Section 3 (a) (2) and (e) (1), and 4 (a), and 5 (9) (1) and (1) of the Federal Transit Act 49 U.S.C. 1602 (a) (2) and (e) (1), 1603 (a) and 1604 (9) (1) and (1); and

WHEREAS, the Transportation Improvement Program, including the annual element, shall be endorsed annually by the MetroPlan Orlando Board and submitted (1) to the Governor and the Federal Transit Administrator and (2) through the State to the Federal Highway Administrator as provided in 23 U.S.C. 450.316;

NOW, THEREFORE, BE IT RESOLVED by the MetroPlan Orlando Board that the FY 2017/18 - 2021/22 Orlando Urban Area Transportation Improvement Program (TIP) is hereby endorsed as an accurate representation of the area's priorities as developed through a continuing, comprehensive planning process carried on cooperatively by the State and local communities in accordance with the provisions of 23 U.S.C. 134.

PASSED AND DULY ADOPTED this 12th day of July, 2017.

CERTIFICATE

The undersigned duly qualified as Chairman of the MetroPlan Orlando Board certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the MetroPlan Orlando Board.

Honorable Bob Dallari, Chairman

Attest:

Cathy Goldfarb, Sr. Board Services Coordinator and Recording Secretary

FY 2017/18-2021/22 TRANSPORTATION IMPROVEMENT PROGRAM/ 2040 LONG RANGE TRANSPORTATION PLAN AMENDMENTS

PUBLIC HEARING SUMMARY OF COMMENTS

DATE: Monday, June 5, 2017

TIME: 5:30 p.m. – Map Review 6:00 p.m. – Public Hearing

LOCATION: MetroPlan Orlando Board Room 250 S. Orange Avenue, Suite 200 Orlando, Florida 32801

Those in attendance were:

- Ms. Carol Scott, Florida Turnpike Enterprises Ms. Kellie Smith, Florida Department of Transportation
- Mr. Steven Sukon, II, Florida Hospital
- Mr. Jignesh Patel, RNV,LLC
- Ms. Beverly Sanchez, UCF Graduate Student
- Mr. Hector Guerrero, Tran Systems
- Ms. Veronica Brezina, Orlando Business Journal
- Mr. Rob Best, OM Engineering Services
- Mr. Renzo Nastasi, Orange County
- Mr. John Hancoth, Orange Tech
- Ms. Teresa Price, Jacobs Engineering Group
- Mr. Scott Stewart, WBQ Design and Engineering
- Ms. Kayla Mitchell
- Mr. Gordon Spears
- Ms. Adilia Richmond, UCF
- Ms. Sarah Elbadri, MetroPlan Orlando CAC member

Staff in attendance:

Mr. Keith Caskey, MetroPlan Orlando Staff Mr. Nick Lepp, MetroPlan Orlando Staff Mr. Eric Hill, MetroPlan Orlando Staff Ms. Mary Ann Horne, MetroPlan Orlando Staff Ms. Lisa Smith. MetroPlan Orlando Staff

Mr. Keith Caskey, MetroPlan Orlando Staff opened the public hearing at 6:00 p.m. and introduced MetroPlan Orlando staff members in attendance. Mr. Keith Caskey provided an overview of the draft

FY 2017/18/17-2021/22 Transportation Improvement Plan. The plan includes highway, transit, aviation and bicycle/pedestrian projects that are programmed for funding over the next five years. Mr. Caskey also reviewed local toll road projects, which normally are not included due to the projects being self-funded through toll revenue.

Mr. Nick Lepp, MetroPlan Orlando staff, provided an overview of the Long Range Transportation Plan (LRTP). He explained that the LRTP is the vision document for all modes of transportation planned out to the year 2040. Mr. Lepp discussed the six projects that will be added to the cost feasible plan. He explained that in order to be compliant with federal legislation, the cost feasible table was revised and now gives project costs in year of expenditure for each phase of a project in the plan. Following the presentation, Mr. Lepp opened the floor for public comments on both the proposed draft of the FY 2017/18-2021/22 Transportation Improvement Plan and the 2040 LRTP.

The following comments were received:

<u>Verbal Comments at Public Hearing</u>: Mr. Gordon Spears, 1626 Baltimore Avenue, Orlando, FL 32803. Mr. Spears stated that there is a real need for protected bike lanes that are totally separate from vehicle lanes for safety and life-saving purposes. He expressed support of the northern extension of Lymmo. Mr. Spears opposed the planned expressway for east Orange County that parallels Highway 50. He did not feel that it is warranted by the current traffic; would compromise the rural character of the area by opening up unwanted development; and is contrary to the longstanding Orange County moratorium on extending the urban service area east of the Econ.

<u>Verbal Comments at Public Hearing</u>: Ms. Sarah Elbadri, 335 North Magnolia Avenue, Suite 1509, Orlando, FL. Ms. Elbadri expressed concern that \$200,000 was vetoed from the state budget for context sensitive improvements to Pine Hills and Silver Star Roads. She questioned staff as to how the loss of that funding would affect the project in the Transportation Improvement Plan or in the Long Range Transportation Plan. Mr. Lepp responded that if the project is on the Prioritized Project List (PPL) and out of the state budget, the project could still be funded by MetroPlan Orlando and that staff would have to check on the current status of the project.

RECEIVED VIA EMAIL DURING PUBLIC COMMENT PERIOD:

No emails were received during the public comment period.

Mr. Caskey called for any additional comments; there being none the public hearing was closed at 6:35 p.m.

Transcribed and recorded by Lisa Smith, Recording Secretary

Section I

MetroPlan Orlando Transportation Improvement Program *Executive Summary*

Executive Summary

I. Purpose of the TIP

The purpose of MetroPlan Orlando's Transportation Improvement Program (TIP) is to identify all federal and state funded transportation projects that have been scheduled for implementation in the Orlando Urban Area (Orange, Seminole and Osceola Counties) during the FY 2017/18 - 2021/22 time period. The projects listed in the TIP include improvements to the area's highway, transit, and aviation systems. Rail projects are also included. All regionally significant projects requiring FHWA or FTA approval are included in the TIP. Some locally funded projects are included as well, for information purposes, and the local governments and agencies in the area are contacted each year to obtain this information. The TIP also identifies the transportation disadvantaged projects, as well as the bicycle and pedestrian facilities, sidewalks, and other enhancement projects scheduled during this time period. The TIP has been prepared in accordance with Title 23 CFR Part 450 and Title 49 CFR Part 613.

II. Financial Plan

The TIP is financially constrained for each year in accordance with Title 23 CFR Part 450.324 (e and h). The federal and State-funded projects contained in the TIP are taken from the FDOT Five Year Work Program, which is financially constrained. The projects within the TIP are financially feasible, and the federally funded projects identified in the TIP can be implemented using current and proposed revenue sources based on FDOT's Tentative Five Year Work Program and locally dedicated transportation revenues. Project costs reported in the TIP are in Year of Expenditure (YOE) dollars, which takes into account the inflation rate over the five years covered by the TIP.

III. Project Selection

The projects included in the TIP are priorities of MetroPlan Orlando, and have been drawn from MetroPlan Orlando's adopted Long Range Transportation Plan. The process used in prioritizing the projects is described below in Section V, and is consistent with federal requirements in 23 C.F.R. 450.330(c). These prioritized projects were approved by the MetroPlan Orlando Board in September 2016, and were forwarded to FDOT to be used in developing their FY 2017/18 - 2021/22 Tentative Five Year Work Program.

IV. Consistency with Other Plans

All projects included in the TIP have been drawn from MetroPlan Orlando's adopted Long Range Transportation Plan, as stated above. The TIP projects are consistent with the Florida Department of Transportation's (FDOT) Adopted Work Program. They are also consistent with the local transit authority's transit development plan, the local airport master plans, the local expressway authority's master plan, and the approved comprehensive plans of the local governments located within the Orlando Urban Area.

V. Project Priority Statement

The process of compiling each TIP begins with the development of the Prioritized Project List (PPL) the previous year. This document, which is updated each year, contains a list of unfunded highway, transit, and bicycle and pedestrian projects that have been prioritized for funding based on the criteria that are described in detail below. The FY 2021/22 - 2039/40 PPL, which was adopted by MetroPlan Orlando in September 2016, was used by FDOT in developing the FY 2017/18 - 2021/22 Tentative Five Year Work Program based on the priority of the projects. That Five Year Work Program was then used to develop this TIP.

Highway Projects

In preparing the highway section of the FY 2021/22 - 2039/40 PPL, the MetroPlan Orlando Board and its subsidiary committees developed two separate lists of unfunded major highway projects that have been prioritized for funding based on their potential to help relieve traffic congestion in the area. These projects are considered to be cost feasible in MetroPlan Orlando's 2040 Long Range Transportation Plan (LRTP).

The first list includes major capacity improvements to I-4 that involve adding four managed toll lanes along with six general use lanes in the I-4 corridor. The second list includes the Surface Transportation Program (STP) projects, which are improvements to major arterials within the urban area, primarily on the state road system). These projects include traditional road widening projects as well as non-capacity multimodal Context Sensitive projects that utilize a combination of bicycle & pedestrian, transit and intersection improvements to improve traffic flow on constrained roadways without adding lanes.

Transportation Systems Management and Operations Projects

A list of Transportation Systems Management & Operations (TSMO) projects is also included in the PPL. These are relatively low-cost projects that alleviate traffic congestion on existing roadways without adding capacity and utilize such methods as adding turn lanes at intersections, computerized traffic signal systems, dynamic message signs, etc. The TSMO category includes projects pertaining to incident management, Transportation Demand Management, and other related activities.

Bicycle and Pedestrian Projects

The list of bicycle and pedestrian projects in the PPL includes local and regional trail projects that can be used by cyclists and pedestrians for recreational and/or commuting purposes, on-street bicycle lanes, sidewalk improvements, particularly for safety purposes around elementary schools, and other projects that will improve overall bicycle and pedestrian mobility.

Transit Projects

The list of transit projects includes what are known as "premium transit" projects. These projects are defined by the Federal Transit Administration as "transit modes that provide higher comfort, capacity, speed and frequency than typical local bus operations or create a positive perception to users." Projects meeting this definition include commuter rail, light rail, bus rapid transit (BRT), streetcars, etc. The PPL transit section also includes ongoing federal formula transit projects pertaining to the fixed-route bus service operated by LYNX, the local transit provider. Fixed-route bus service is not considered to be premium transit.

MetroPlan Orlando has adopted a policy of using up to 30% of its state DDR funds for the operation of premium transit projects beginning in FY 2020/21. In order to qualify for the DDR funds, the projects must be identified as cost feasible in the 2040 LRTP, and must have gone through either an Alternatives Analysis or similar analysis to evaluate measures of effectiveness, costs and benefits with study results being incorporated in the LRTP. The transit projects in the PPL are divided into four categories and ranked separately based on the types of the projects and the status of the planning/feasibility studies for the projects. The four transit project categories include:

Category A: Projects identified as premium transit in the 2040 LRTP with adopted transit planning/feasibility studies; eligible for DDR operating funds

Category B: Projects requiring planning/feasibility studies; premium transit status and eligibility for DDR operating funds to be determined

Category C: Enhancements to LYNX's fixed route bus system; not premium transit and not eligible for DDR operating funds

Category D: Unranked ongoing federal formula transit projects; not premium transit and not eligible for DDR operating funds

TRIP Projects

A list of candidate projects for Transportation Regional Incentive Program (TRIP) funds is also included in the PPL. TRIP funds are state funds provided for the purpose of improving growth management planning and increasing available funding for regionally significant transportation facilities in regional transportation areas. Under this program, FDOT will provide up to 50% of the total cost of selected regional transportation projects, with the balance coming from local match funds. (Some projects on the TRIP list are also on the STP list, and these projects are highlighted on both lists.) The TRIP projects in the PPL include highway and transit projects.

Prioritization Methodology

The process of prioritizing the highway, bicycle and pedestrian, transit and TRIP projects in the PPL is the responsibility of MetroPlan Orlando's Technical Advisory Committee (TAC). TSMO projects are prioritized by the TSMO Advisory Committee. These committees rank the projects based on such factors as the need for the projects in relieving traffic congestion and/or improving safety, the readiness of the projects for implementation, the cost and availability of funding for the projects, and the balance of funding equity among the three counties.

Once the draft PPL has been compiled, it is reviewed by the TAC and TSMO Advisory Committees as well as by the Community Advisory Committee (CAC) and the Municipal Advisory Committee (MAC). The PPL is then reviewed by the Regional Leadership Council (RLC), comprised of the officers of the four advisory committees and the MetroPlan Orlando Board, which makes its recommendation to the MetroPlan Orlando Board, and the Board gives final approval to the PPL before it is submitted to FDOT.

MetroPlan Orlando has created an online Project Application Tool (PAT) for TAC and TSMO representatives to use to streamline the information-gathering process for new projects being submitted for inclusion in the PPL. Once a representative has completed the online application, the PAT creates a Priority Projects Programming Process (4P) application that can be submitted to FDOT. This is helpful in moving projects forward, since a PPL project must have the 4P application submitted to FDOT by the sponsoring jurisdiction in order for the project to be eligible for programming in FDOT's Five Year Work Program and the TIP once funding becomes available.

The PAT also compiles data inputs for each project and produces reports that can be used by TAC and TSMO representatives and by MetroPlan Orlando staff to review and evaluate projects as part of the prioritization process. These data inputs pertain to such factors as:

- Current and future volume/capacity ratios
- Annual average daily traffic (AADT) and truck volume
- Crash data (rate, intensity, density)
- Land use context (population and employment concentrations)
- Planning consistency (LRTP, comprehensive plans, etc.)
- Environmental sensitivity (wetlands and natural lands)
- Environmental justice (neighborhood demographics)
- Local funding contribution

It should be emphasized that the PAT does <u>not</u> automatically prioritize the projects in the PPL or dictate outcomes to decision makers on how projects should be ranked. As previously described, decisions on project prioritization are initially recommended by the TAC and TSMO committees, with input from the CAC, MAC and RLC, and are ultimately approved by the MetroPlan Orlando Board.

Funding Allocation

For the purpose of the FY 2021/22 - 2039/40 PPL, MetroPlan Orlando's policy was to divide the SU funding allocation for the transportation improvements for FY 2021/22 based on a percentage split of 32% for highway projects, 30% for transit projects, 21% for TSMO projects, and 17% for bicycle and pedestrian projects. In addition, up to 30% of MetroPlan Orlando's DDR funds can be allocated for the operation of the premium transit projects that are identified in the 2040 LRTP. The remaining DDR funds are combined with the SU funds for the highway projects.

As stated earlier, the projects included in the TIP are consistent with FDOT's Five Year Work Program, and are financially feasible based on the availability of the funds in each funding category. These projects represent the project priorities established by MetroPlan Orlando. The list of transportation projects in the PPL is reevaluated annually by the MetroPlan Orlando Board and its advisory committees.

VI. Regionally Significant Projects

The list of federal and state-funded highway projects considered by MetroPlan Orlando to be of regionally significant size and scope, along with their implementation status, is shown in Section II of the TIP. In addition, the implementation of the projects contained in the TIP is monitored in reports published by FDOT on a quarterly basis.

VII. Previous Conforming Projects

This does not apply. The Orlando Urban Area is currently in attainment for all air pollutants, and has been since before the 1990 Clean Air Act Amendments were enacted.

VIII. Public Involvement

MetroPlan Orlando has a Community Advisory Committee (CAC) that meets on a regular basis. The members of the CAC are private citizens with an interest in the transportation issues affecting the area. These individuals receive information on transportation issues from the MetroPlan Orlando staff and other agencies, and provide input to the local governing bodies regarding these issues. The CAC assists the MetroPlan Orlando Board in developing transportation-related goals and objectives for shaping the urban environment, and also conducts public information programs. The meetings of the MetroPlan Orlando Board and its advisory committees are all open to the public, and provide opportunities for public comments. In addition, public hearings are held during the development of the Long Range Transportation Plan to give private citizens an opportunity to provide input on the Plan before it is approved by the MetroPlan Orlando Board. MetroPlan Orlando's public information process also includes such activities as publishing a transportation annual report, holding periodic news conferences and public hearings on transportation issues, and publishing transportation-related newsletters.

In regard to public involvement as related to the TIP, the TIP is reviewed and approved by the CAC, the TAC, the Transportation Systems Management and Operations (TSMO) Advisory Committee, the Municipal Advisory Committee (MAC), and the MetroPlan Orlando Board at meetings that are open to the public. On June 5, 2017, the FY 2017/18 - 2021/22 TIP was presented at a public hearing before being adopted by the MetroPlan Orlando Board.

The TIP is also made available on MetroPlan Orlando's web site. This meets the public hearing requirements of 49 U.S.C. Section 5307(c), and the public notice of public involvement activities and the time established for public review and comment on the TIP satisfies the program of projects requirements of the Federal Transit Administration's Urbanized Area Formula Program. In addition, FDOT presents the Five Year Work Program at a public hearing before the Work Program is adopted.

IX. Certification

The latest federal certification review of the transportation planning process in the Orlando Urban Area by FHWA and FTA was conducted in February 2015. It is anticipated that MetroPlan Orlando's next federal certification review will occur in 2019. The latest annual FDOT certification review for MetroPlan Orlando was also conducted in January 2017.

X. Congestion Management Process

MetroPlan Orlando has included a Congestion Management Process (CMP) component in the Year 2040 Long Range Transportation Plan, which was adopted in June 2014 and updated in December 2015. CMP projects are designed to get the greatest efficiency out of the existing transportation network. CMP strategies include such techniques as freeway ramp metering, frontage roads, parking management, freeway lane restrictions, and lane pricing. Other strategies include Intelligent Transportation System (ITS) techniques such as computerized traffic signals and advanced traveler information systems, as well as intersection improvements. The CMP strategies are being incorporated into the TIP as they become scheduled for implementation and are shown in the TIP as TSMO projects in Section VII of the TIP. As mentioned previously, a list of TSMO projects is included each year in the PPL.

XI. Transportation Disadvantaged Services

As required under Chapter 427.015 of the Florida Statutes, MetroPlan Orlando serves as the designated official planning agency in coordinating transportation services for the transportation disadvantaged in Orange, Osceola and Seminole Counties.

XII. Amending the TIP

This TIP can be amended at any time during the year in which it is adopted. MetroPlan Orlando uses the criteria for amending the TIP included in the FDOT Metropolitan Planning Organization Program Management Manual. Under these criteria, the TIP must be amended if:

- The change adds new individual projects to the current TIP
- The change affects air quality conformity
- The change adversely impacts financial constraints
- The change results in major project scope changes
- The change removes or deletes an individually listed project from the TIP

All amendments to the TIP are presented to MetroPlan Orlando's advisory committees for their recommendations, and to the Board for final approval. Once TIP amendments are approved by the MetroPlan Orlando Board, the amendments are incorporated into the adopted TIP shown on MetroPlan Orlando's web site, and the Board resolutions documenting the approval of the amendments are sent to FDOT staff.

In the case where a TIP amendment must be approved prior to the next MetroPlan Orlando Board meeting in order for the amended project to receive funding, the MetroPlan Orlando Board Chairman is authorized to approve the amendment and sign the corresponding resolution on behalf of the Board without having to call an emergency meeting of the Board. The Chairman's approval of the amendment will then be ratified at the next regularly scheduled Board meeting.

During the TIP amendment process, members of the general public are provided opportunities to address their concerns about the requested amendments. At each advisory committee meeting or Board meeting where a TIP amendment is being requested, the meeting agenda includes a time for comments from the public on any action items on the agenda. Concerns about TIP amendments may be addressed at that time. If an individual has a concern about a TIP amendment but is unable to attend MetroPlan Orlando's regularly scheduled committee or Board meeting where the amendment will be acted on, that individual may send his or her comments to MetroPlan Orlando prior to the meeting through email or by phone. These comments will be entered into the meeting record for consideration by the committee or Board at the time they take action on the amendment.

XIII. TIP Format

In order to meet the federal requirements in 23 CFR 450.324(e)(2) for MPOs to show the total costs of the projects in their TIPs, MetroPlan Orlando's TIP is now formatted to include costs prior to, within, and beyond the five-year timeframe of the TIP. As a result, the spreadsheets in the TIP include the historic costs for each project prior to FY 2017/18 (if applicable), the funding programmed during the FY 2017/18 - 2021/22 timeframe of the TIP, and estimates of any future costs after FY 2021/22 (if applicable). These figures are added to show the total cost of the project.

The historic, current and future cost figures are provided by the Florida Department of Transportation for the federal and state funded projects and by local governments and agencies for locally funded projects. For those projects for which the historic or future costs are not known, the spaces for the historic or future and total cost figures are shown as "TBD" (to be determined).

Each project in the TIP that is specifically listed in the MetroPlan Orlando's 2040 Long Range Transportation Plan (LRTP) has a reference showing the LRTP page that provides the information necessary to locate the full project cost estimate and/or additional details regarding the project in the LRTP. The link to the LRTP on MetroPlan Orlando's web site is https://metroplanorlando.org/plans/long-range-transportation-plan/.

The projects in the TIP include projects on the Strategic Intermodal System (SIS). The SIS is a network of high priority transportation facilities which include interstate highways, major toll roads and other designated highways, as well as the state's largest and most significant commercial service airports, deep-water seaports, freight rail terminals, passenger rail and intercity bus terminals, rail corridors, waterways and the spaceport. Each project on the SIS will have a SIS identifier (*SIS Project*) in the far-left column on the TIP spreadsheet on which the project is located.

XIV. Federal Obligated Funds

In order to meet federal requirements for MPOs, MetroPlan Orlando annually publishes a list of transportation projects for which federal funds were obligated during the preceding federal fiscal year (October 1st through September 30th). The information for the FY 2015/16 document can be found at this link:

https://www.metroplanorlando.com/wp-content/uploads/federally_funded_transportation_projects_fy_2015_16.pdf

Section IV

MetroPlan Orlando Transportation Improvement Program Interstate Highway Projects

Note: In order to meet the federal requirements for MPOs to include the total costs of the projects in their TIPs, MetroPlan Orlando's TIP is formatted to include the FY 2017/18-2021/22 cost figures, as well as the historic cost and estimated future cost of each project. For each TIP project that is also included in MetroPlan Orlando's 2040 Long Range Transportation Plan (LRTP), the project's LRTP page reference is shown in the column to the right of the project's Work Description column in the TIP. For more details on the TIP format, see page I-10 in the Executive Summary.

Section VI

MetroPlan Orlando Transportation Improvement Program *Toll Road Projects*

Note: The Toll Road section of the TIP includes Florida's Turnpike Enterprise (FTE) projects and Central Florida Expressway Authority (CFX) projects. The FTE and CFX projects are funded with toll revenues rather than traditional federal and state funding categories and are therefore not subject to approval by the MetroPlan Orlando Board. However, these projects are required to be shown in the TIP for information purposes based on federal and state statutes. Projects sponsored by the Osceola County Expressway Authority (OCX), such as the Poinciana Parkway/Southport Connector, are currently shown in the State Highway section of the TIP since the funds programmed for these projects are traditional federal and state funds and are subject to Board approval. Once the OCX projects are funded with toll revenues, they will be shown in the Toll Road section of the TIP.

• The reserve funds in project #4335511 originated with the increase in the allocation of SU funds for MetroPlan Orlando resulting from the establishment of Kissimmee as an urbanized area. MetroPlan Orlando's policy regarding the use of these funds is that they be programmed for Context Sensitive projects throughout the MetroPlan Orlando region. These projects can include such improvements as bicycle & pedestrian facilities (bike lanes, wider sidewalks, etc.), transit improvements (bus rapid transit/BRT, designated transit lanes, bus bays and shelters, etc.) as well as minor intersection improvements, landscaping and drainage improvements that help improve traffic flow on existing roads without adding capacity.

MetroPlan Orlando Transportation Improvement Program *Abbreviations & Acronyms*

Abbreviations and Acronyms

Funding Codes - Federal:

| СМ | Federal Congestion Mitigation funds |
|------|---|
| DFTA | FHWA funds transferred to FTA |
| DU | FTA pass-through funds |
| EB | Federal Equity Bonus funds |
| FAA | Federal Aviation Administration funds |
| FCO | Federal Fixed Capital Outlay funds |
| FTA | Federal Transit Administration funds |
| FTAT | FHWA Transfer to FTA |
| HPP | Federal SAFETEA-LU High Priority Project funds |
| HRRR | Federal High Risk Rural Road funds |
| HSP | Federal Highway Safety Program funds |
| IM | Federal Interstate Maintenance funds |
| NH | Federal National Highway System funds for principal arterials |
| PL | Federal planning funds |

| RED | Federal redistribution of funds |
|-----------|---|
| RHH/RHP | Federal Rail-Highway Crossings funds |
| SA | Federal Surface Transportation Program funds with no population restrictions |
| SN | Federal Surface Transportation Program funds – mandatory non-urban |
| SP | Federal Railroad Protective Device funds |
| SR | Federal Railroad Hazard Elimination funds |
| SR2E | Federal Safe Routes to School funds – either infrastructure or non-infrastructure |
| SR2S | Federal Safe Routes to School Infrastructure funds |
| SU | Federal Surface Transportation Program funds for urban areas with a population of over 200,000 which may be used for highway, transit or bicycle/pedestrian projects at the discretion of the MPO |
| TALT/TALU | Federal Transportation Alternative Funds |
| TIMP | Federal Transportation Improvement funds |

Funding Codes - State:

| AC | Advanced state construction funds for federally funded projects; combined with federal funding codes |
|----|--|
| | (Examples: ACNH, ACSA, ACSU, etc.) |

| BNIR | Intrastate ROW & Bridge bonds |
|------|--|
| BRP | State Bridge Replacement funds |
| BRRP | State Bridge Repair and Rehabilitation Program funds |
| CIGP | State County Incentive Grant Program funds |
| D | Unrestricted State Primary funds |
| DDR | State District Dedicated Revenue funds |
| DDRF | State District Dedicated Revenue matching funds |
| DEMW | State Environmental Mitigation funds – Wetlands |
| DI | State Inter/Intrastate Highway funds |
| DIH | State Designated In-House funds |
| DIRS | State funds for advanced acquisition of intrastate corridors |
| DIS | State funds for projects on Strategic Intermodal System (SIS) facilities |
| DPTO | State Public Transportation Office funds |

| DS | State Primary funds for highways and public transit |
|------|--|
| GMR | State General Revenue funds for projects on Strategic Intermodal System (SIS) facilities |
| LF | Local funds used for federal/state funded projects |
| LFF | Local funds for matching the federal allocation |
| LFP | Local funds for participating |
| NSTP | New Starts Transit Program |
| PKBD | Turnpike District Master Bond fund |
| PKLF | Local support for Turnpike District projects |
| PKYI | Turnpike District funding for new turnpike facility improvements |
| PKYR | Turnpike District funding for rehabilitation/resurfacing, correcting deficiencies of existing facilities |
| SIB1 | State Infrastructure Bank funds |
| SIWR | Strategic Intermodal System funds |
| STED | Strategic Economic Corridors funds |
| TDDR | State Transportation Disadvantage funds – DDR use |
| TDTF | State Transportation Disadvantage Trust Fund |

| T005 | Toll Operations – Beachline Expy. (east) |
|------|--|
| T011 | Toll Operations – OOCEA System |

TM11State maintenance funds for Central Florida Expressway Authority facilities

TRIP/TRWRState Transportation Regional Incentive Program funds which require a 50% funding match from local
governments and operating agencies

Funding Codes - Local:

| CF | Construction Funds (Central Florida Expressway Authority) |
|---------|---|
| CRA | Community Redevelop Agency fund (Orange County) |
| Gas Tax | Local Option Gas Tax funds (Orange County) |
| IFT | Transportation Impact Fees (City of Orlando) |
| LAP | Local Agency Program |
| LFS | Local funding sources (Osceola County) |
| LOGT | Local Option Gas Tax (Seminole County) |
| LOST | Local Option Sales Tax (Osceola County) |
| MFEZ | Mobility Fee East Zone (Osceola County) |
| MFWZ | Mobility Fee West Zone (Osceola County) |

| NSP | Non-System Project funds (Central Florida Expressway Authority) | | | | |
|------------------------------|---|--|--|--|--|
| OCST | One-cent Sales Tax (Seminole County) | | | | |
| OF | Other Funds (City of Orlando) | | | | |
| RIF | Road Impact Fees (Seminole County) | | | | |
| R&R | Renewal & Replacement funds (Central Florida Expressway Authority) | | | | |
| SP | System Projects funds (Central Florida Expressway Authority) | | | | |
| SPCF | Special Purpose Capital Fund (Osceola County) | | | | |
| TIF | Transportation Impact Fees (Orange County); Tax Increment Financing (City of Orlando) | | | | |
| Project Phase Abbreviations: | | | | | |
| | | | | | |

| ADM | Administration |
|------|--|
| CST | Construction highway project phase |

FY 2022/23 - 2039/40

Prioritized Project List

To be presented for approval to the MetroPlan Orlando Board on July 12, 2017

June 2017

(This page intentionally left blank)

FY 2022/23 - 2039/40 Prioritized Project List Executive Summary

Introduction

Each year, MetroPlan Orlando prepares a Transportation Improvement Program (TIP), which contains the highway, bicycle/pedestrian, transit, aviation and other transportation-related projects in the MetroPlan Orlando region (Orange, Osceola and Seminole Counties) that are programmed for funding over the next five years. This process begins in the summer of the previous year with the development of a Prioritized Project List (PPL). This document contains a list of unfunded highway, Transportation Systems Management and Operations, bicycle and pedestrian and transit projects that have been prioritized for funding and are described in more detail in the following section. This list of projects is scheduled to cover the period that follows the final fiscal year of the FY 2017/18 - 2021/22 TIP through the target year of MetroPlan Orlando's currently adopted Long Range Transportation Plan. Therefore, this PPL covers the FY 2022/23 through FY 2039/40 time period.

After this document is approved by the MetroPlan Orlando Board, it will be submitted to the Florida Department of Transportation (FDOT). FDOT will use the PPL to select projects for funding in their FY 2018/19 - 2022/23 Tentative Five Year Work Program based on the projects' priorities in the PPL. This Five Year Work Program will then be used by the MetroPlan Orlando staff in preparing the FY 2018/19 - 2022/23 TIP in the spring of 2018. The process will begin again in the summer of 2018 with the development of the FY 2023/24 - 2039/40 PPL. Once a project in the PPL has been fully funded through construction in the TIP, it is taken off the list. The projects remaining on the PPL can then be advanced to a higher priority, and new projects can eventually be added to the list. In addition, the ranking of a project on the PPL can be advanced more quickly if additional funds from local governments or other sources are applied to that project.

Project Categories

The categories of projects in the PPL are described as follows:

Highway Projects

In preparing the highway section of the FY 2022/23 - 2039/40 PPL, the MetroPlan Orlando Board and its subsidiary committees developed three separate lists of unfunded major highway projects that have been prioritized for funding based on their potential to help relieve traffic congestion in the area. These projects are considered to be cost feasible in MetroPlan Orlando's 2040 Long Range Transportation Plan (LRTP).

The first list, on page 8, includes major capacity improvements to I-4 that involve adding four managed toll lanes along with six general use lanes in the I-4 corridor. The second list includes projects <u>on</u> the state road system (pages 9 - 11) and the third list includes projects <u>off</u> the state road system (pages 12 - 14). The projects on both the second and third lists include traditional road widening projects as well as non-capacity multimodal Context Sensitive projects that utilize a combination of bicycle & pedestrian, transit and intersection improvements to improve traffic flow on constrained roadways without adding lanes.

Transportation Systems Management & Operations Projects

A list of Transportation Systems Management & Operations (TSMO) projects is also included in the PPL on pages 15 - 18. These are relatively low-cost projects that alleviate traffic congestion on existing roadways without adding capacity and utilize such methods as adding turn lanes at intersections, computerized traffic signal systems, dynamic message signs, etc. The TSMO category includes projects pertaining to incident management, Transportation Demand Management, and other related activities.

Bicycle & Pedestrian Projects

The list of bicycle and pedestrian projects in the PPL is shown on pages 19 - 23. These include local and regional trail projects that can be used by cyclists and pedestrians for recreational and/or commuting purposes, on-street bicycle lanes, sidewalk improvements, particularly for safety purposes around elementary schools, and other projects that will improve overall bicycle and pedestrian mobility.

<u>Transit Projects</u>

The list of transit projects shown in the PPL on pages 24 - 26 includes what are known as "premium transit" projects. These projects are defined by the Federal Transit Administration as "transit modes that provide higher comfort, capacity, speed and frequency than typical local bus operations or create a positive perception to users." Projects meeting this definition include commuter rail, light rail, bus rapid transit (BRT), streetcars, etc. The PPL transit section also includes ongoing federal formula transit projects pertaining to the fixed-route bus service operated by LYNX, the local transit provider. Fixed-route bus service is not considered to be premium transit.

MetroPlan Orlando has adopted a policy of using up to 30% of its state DDR funds for the operation of premium transit projects beginning in FY 2020/21. In order to qualify for the DDR funds, the projects must be identified as cost feasible in the 2040 LRTP, and must have gone through either an Alternatives Analysis or similar analysis to evaluate measures of effectiveness, costs and benefits with study results being incorporated in the LRTP. The transit projects in the PPL are divided into four categories and ranked separately based on the types of the projects and the status of the planning/feasibility studies for the projects. The four transit project categories include:

Category A: Projects identified as premium transit in the 2040 LRTP with adopted transit planning/feasibility studies; eligible for DDR operating funds

Category B: Projects requiring planning/feasibility studies; premium transit status and eligibility for DDR operating funds to be determined

Category D: Unranked ongoing federal formula transit projects; not premium transit and not eligible for DDR operating funds

Prioritization Methodology

The process of prioritizing the highway, bicycle and pedestrian and transit projects in the PPL is the responsibility of MetroPlan Orlando's Technical Advisory Committee (TAC). TSMO projects are prioritized by the TSMO Advisory Committee. These committees rank the projects based on such factors as the need for the projects in relieving traffic congestion and/or improving safety, the readiness of the projects for implementation, the cost and availability of funding for the projects, and the balance of funding equity among the three counties.

Once the draft PPL has been compiled, it is reviewed by the TAC and TSMO Advisory Committees as well as by the Community Advisory Committee (CAC) and the Municipal Advisory Committee (MAC). The PPL is then reviewed by the Regional Leadership Council (RLC), comprised of the officers of the four advisory committees and the MetroPlan Orlando Board, which makes its recommendation to the MetroPlan Orlando Board, and the Board gives final approval to the PPL before it is submitted to FDOT.

MetroPlan Orlando has created an online Project Application Tool (PAT) for TAC and TSMO representatives to use to streamline the information-gathering process for new projects being submitted for inclusion in the PPL. Once representatives complete the online application, the PAT creates a Priority Projects Programming Process (4P) application that can be submitted to FDOT. This is helpful in moving projects forward, since a PPL project must have the 4P application submitted to FDOT by the sponsoring jurisdiction in order for the project to be eligible for programming in FDOT's Five Year Work Program and the TIP once funding becomes available.

The PAT also compiles data inputs for each project and produces reports that can be used by TAC and TSMO representatives and by MetroPlan Orlando staff to review and evaluate projects as part of the prioritization process. These data inputs pertain to such factors as:

- Current and future volume/capacity ratios
- Annual average daily traffic (AADT) and truck volume
- Crash data (rate, intensity, density)
- Land use context (population and employment concentrations)
- Planning consistency (LRTP, comprehensive plans, etc.)
- Environmental sensitivity (wetlands and natural lands)
- Environmental justice (neighborhood demographics)
- Local funding contribution

It should be emphasized that the PAT does <u>not</u> automatically prioritize the projects in the PPL or dictate outcomes to decision makers on how projects should be ranked. As previously described, decisions on project prioritization are initially recommended by the TAC and TSMO committees, with input from the CAC, MAC and RLC, and are ultimately approved by the MetroPlan Orlando Board.

Estimated Funding Allocations

There are four categories of funds that the projects in the PPL are candidates for. The main funding category is the federal Surface Transportation Program funds, which are shown by the funding code SU. The SU funds are flexible and can be used for various types of surface transportation projects, including the highway, TSMO, bicycle and pedestrian and transit projects in the PPL.

Due to this flexibility, MetroPlan Orlando has a policy in place to divide the SU funds into percentages for these different types of projects. The policy for the SU funds in the FY 2022/23 - 2039/40 PPL is that these funds be allocated based on a percentage split of 32% for highway projects, 30% for transit projects, 21% for TSMO projects and 17% for bicycle and pedestrian projects. This percentage split is reevaluated each year.

The other three categories of funds include District Dedicated Revenue (DDR) funds, National Highway System (NHS) funds and Transportation Regional Incentive Program (TRIP) funds. DDR funds are state funds, of which up to 30% can be used for the operation of premium transit projects as described on page 3. The remaining DDR funds are combined with the SU funds for the highway projects in the PPL in order to advance these projects more quickly. The NHS funds are federal funds primarily used for projects on the interstate highway system, so the I-4 projects in the PPL are candidates for these funds. TRIP funds are state funds provided for the purpose of improving growth management planning and increasing available funding for regionally significant transportation facilities in regional transportation areas. Under this program, FDOT will provide up to 50% of the total cost of selected regional transportation projects, with the balance coming from local match funds.

The funding allocations shown in the PPL are only for the first fiscal year of the document. Thus, the estimated SU, DDR, NHS and TRIP funding allocations shown below are for FY 2022/23. (These FY 2022/23 allocations were estimated by averaging the amounts of funding in these categories that were programmed during the previous five fiscal years. The actual allocations will vary from year to year.)

The SU funding percentage split, the funding allocations, and the prioritization methodology described above, will be subject to revision in developing future Prioritized Project Lists.

FY 2022/23 Funding Allocation Estimates

- Surface Transportation Program (SU) funds = Approx. \$30.1 million (Annual average of SU funds programmed from FY 2017/18 through 2021/22)
 - 32% of \$30.1 million for Highway Projects = \$9.6 million
 - 30% of \$30.1 million for Transit Projects = \$9.1 million
 - 21% of \$30.1 million for TSMO Projects = \$6.3 million
 - 17% of \$30.1 million for Bicycle & Pedestrian (Enhancement) Projects = \$5.1 million
- District Dedicated Revenue (DDR) funds = Approx. \$77.8 million (Annual average of DDR highway funds programmed from FY 2017/18 through 2021/22) up to 30% (\$23.3 million) to be used for the operation of premium transit projects beginning in FY 2020/21
- National Highway System (NHS) funds = Approx. \$183.3 million (Annual average of NHS funds programmed from FY 2017/18 through 2021/22)

• Transportation Regional Incentive Program (TRIP) funds = Approx. \$15.9 million (Annual average of TRIP funds programmed from FY 2017/18 through 2021/22)

Abbreviations and Acronyms

Funding Categories

| DDR | District Dedicated Revenue funds (State) |
|------|---|
| FTA | Federal Transit Administration funds |
| NHS | National Highway System funds (Federal) - used for interstate highway projects |
| SU | Surface Transportation Program funds (Federal) - may be used for highway, transit, or enhancement (bicycle/pedestrian, beautification, etc.) projects in urban areas of greater than 200,000 population |
| TALU | Transportation Alternative funds (Federal) - used for bicycle and pedestrian projects |
| TRIP | Transportation Regional Incentive Program funds (State) – used for regionally significant projects with a minimum of 50% in local matching funds required |

① This project would involve providing truck rest stop areas with adequate capacity in suitable locations, either on I-4 or in close proximity to I-4 with convenient access. FDOT is currently conducting a study to identify potential locations for truck rest stop areas along I-4 throughout FDOT District 5 (Orange, Osceola, Seminole and Volusia Counties), and the study is scheduled to be completed in December 2017.

② Although they are outside the MetroPlan Orlando region, the I-4 Beyond the Ultimate projects from the Seminole/Volusia Co. line to SR 472 in Volusia County and from west of US 27 to the Polk/Osceola County Line in Polk County are included in MetroPlan Orlando's PPL for information purposes in order to show the entire length of the I-4 Beyond the Ultimate improvements.

| 28 | Alt. Springs | SR 434 | Maitland Blvd. | SR 436 | 2.00 | Context Sensitive Improvements | | PE/CST | \$750,000 (PE) |

• Those projects that are candidates for state funds for only the PD&E and/or design (PE) phases have cost estimates available just for those phases. The full cost estimates for these projects will eventually also include the right-of-way (if applicable) and construction phases, and these full cost estimates will be shown on this list once they have been provided by the local jurisdictions. Once the full cost estimates for these projects have been provided, the projects may eventually be reprioritized in order to maximize funding equity among the three counties.

① The Pine Hills Trail Phase 3 and Clarcona-Ocoee Trail projects will help close the gaps in the Coast-to-Coast Trail system within the MetroPlan Orlando area. As a result, MetroPlan Orlando considers these to be high-priority projects, and has placed these projects at the top of the bicycle & pedestrian section of the PPL without priority numbers, since they are candidates for special funding that could become available and will <u>not</u> be competing for SU funds with the other projects on the list.

⁽²⁾ MetroPlan Orlando's policy for School Mobility projects is that 20% of the share of Surface Transportation Program (SU) funds for bicycle & pedestrian projects and Transportation Alternative (TALU) funds be set aside each year for these projects. The TAC has recommended that the School Mobility projects be ranked separately since there is a specific federal funding category for these projects. The statewide and district-wide TALU funds are directed toward regionally significant trail projects.

DRAFT MetroPlan Orlando FY 2022/23 - 2039/40 Prioritized Project List Transit Projects Candidates for Surface Transportation Program (SU) Funds

| Project Priority #/ FDOT Work Program # | Project Description | Estimated Remaining Cost (Present-Day) | Funding Sources | Responsible Agency | Consistent with Transit Development Plan? | DDR Eligible? | Comments |
|--|---|--|--------------------------|--|---|---------------|--|
| | | | Category A: | Premium Transit | Projects | | |
| 1/4292152 | SunRail Phase 3 Project Development Design Construction | TBD TBD \$225,000,000 | FTA/FDOT/Local | FDOT | Yes | Yes | Rail connection from the SunRail Main Line south of the Sand Lake Road station to OIA. Project development underway. Design funded in FY 20161/7. |
| 2/4292151 | OIA Bus Rapid Transit © Project Development Design Construction | \$3,000,000 \$24,000,000 \$200,000,000 | FTA/FDOT/Local | LYNX/Orange Co. | Yes | TBD | BRT from Orlando International Airport to the Convention Center. PD&E funded in FY 2017/18. |
| 3 / 4069302 | US 192 Bus Rapid Transit Design Construction | \$15,600,000 \$120,000,000 | FTA/FDOT/Local | LYNX/Osceola | Yes | Yes | BRT on US 192 from US 27 to US 441. Project development funded in FY 2017/18. |
| 4 | SR 50 Bus Rapid Transit Project Development Phase Design Construction | \$540,000 \$4,320,000 \$36,000,000 | FTA, FDOT, LF | LYNX | Yes | Yes | BRT on SR 50 from Powers Drive to Goldenrod Rd & Express Bus system from Downtown Orlando to UCF. Alternative Analysis with a selected LPA was adopted in March 2015. |
| 5 | Downtown Orlando Bus Rapid Transit Project Development Phase Design Construction | \$480,000 \$3,520,000 \$32,000,000 | FTA/FDOT/Local | LYNX | Yes | Yes | North/South expansion of the LYMMO system in downtown Orlando. LPA adopted in 2012. |
| 6 | ITS Enhanced Transit [®] Capital & Operations | TBD | FDOT/Local/Private | Altamonte Springs Casselberry Longwood Maitland | Yes | TBD | Capital & operation of expansion of ITS enhanced transit service within the 4-city service area. |
| | | Ca | ategory B: Projects Requ | iring Transit Planr | ning/Feasibility Studie | S | |
| 1 | SR 436 Corridor Premium Transit/Complete Streets Feasibility Study | \$1,250,000 | FDOT/Local | LYNX/FDOT | Yes | TBD | Feasibility study of potential forms of mobility (ie. BRT, LRT, etc.) in the SR 436 corridor from SR 434 to Orlando International Airport. |
| 2 | Innovation Way Corridor Feasibility Study | TBD | FDOT/FTA/Local/Private | FDOT | Yes | TBD | Corridor Study of the proposed leg of an enhanced transit system from International Drive to the Innovation Way/Lake Nona/Medical City/Osceol Co. NE District corridor.15. |

Note: The transit projects in the new PPL have been divided into four categories and ranked separately based on their status. The 13 prioritized transit projects are in Categories A through C, with those projects in Category A being premium transit projects eligible for DDR operating funds. The ongoing federal formula transit projects are in Category D and are unranked.

① The Locally Preferred Alternative (LPA) for the OIA Bus Rapid Transit project has not been adopted.

Planning studies for the ITS Enhanced Transit project were completed in previous years. This project is included under Category A as a premium transit project pending further clarification by the sponsoring municipalities on the specific operational characteristics of the project.

Florida Department of Transportation

RICK SCOTT GOVERNOR 719 South Woodland Boulevard DeLand, Florida 32720 MIKE DEW SECRETARY

June 14, 2017

Mr. Harold W. Barley Executive Director MetroPlan Orlando MPO 250 South Orange Avenue Suite 200 Orlando, Florida 32801

RE: Fourth Quarter Variance Report (April 2017 – June 2017)

Dear Mr. Barley:

This letter is in reference to a request made by MetroPlan Orlando Metropolitan Planning Organization (MPO) regarding the fourth quarter variance report for the period of April 2017 through June 2017. This quarter's variance report compares the July 1, 2016 adopted work program with changes made to the adopted work program in the fourth quarter of Fiscal Year 2016/2017. The project listed below includes a cost increase that is equal to or greater than the minimum parameters set by MetroPlan Orlando.

SEMINOLE COUNTY

FM# 240200-2 – State Road 429/State Road 46 (Wekiva Parkway) from East of Wekiva River Road to Orange Boulevard – New Road Construction Project

7/1/16 Adopted Phase Cost:Construction Utility Phase = \$8,325,000 (FY 2016/17)Revised Phase Cost:Construction Utility Phase = \$18,902,568 (FY 2016/17)Phase Cost Increase:Construction Utility Phase = (127%)

Reason for Cost Increase

Florida Power & Light cost updates. Original estimates were done in July 2015.

<u>Impact of Phase Cost Increase</u> The cost increase has no impact on the work program. As always, we appreciate all the opportunities that we get to work with MetroPlan Orlando staff and if you should have any additional questions or concerns please do not hesitate to contact me at 386-943-5427.

Sincerely,

KSM.

Kellie Smith Government Liaison Administrator

cc: Gary Huttmann, Deputy Executive Director, MetroPlan Orlando Keith Caskey, Manager of Planning Services, MetroPlan Orlando

Board Meeting Highlights – June 14, 2017

• <u>Chairman's Announcements:</u> Commissioner Bob Dallari opened the meeting at 9:00 a.m. and welcomed everyone. He requested a moment of silence for the 49 Pulse victims before Mayor Gary Bruhn led the Pledge of Allegiance. Commissioner Dallari reported that the TDLCB met May 11, 2017 and Commissioner Clarke would give a report on the meeting.

Commissioner Clarke reported that at the May TDLCB meeting committee members welcomed new member, Dr. Linda Levine Silverman. TDLCB members approved the revised bylaws, the Transportation Disadvantaged Service Plan annual update, the 2017-2018 Rate Calculation Worksheet, and the revised TDLCB Membership Certification. He added that they also endorsed a Mobility Enhancement Grant submission and received a 2017 Legislative Session wrap up.

Commissioner Dallari told Board members that Commissioner VanderLey and Commissioner Bonilla attended the MPOAC Institute in April and asked if Commissioner VanderLey would like to comment on the Institute. Commissioner VanderLey commented that she learned a great deal at the MPOAC Institute and would highly recommend it to other Board members. Commissioner Dallari congratulated Mayor Bruhn on his recent election as President of the Florida League of Mayors. He noted that the Mayor Bruhn would be retiring as the MAC representative on the Board and newly elected MAC Chairman, Council President John Dowless, would be the MAC representative, as of July. Mayor Bruhn received a token of appreciation from the Board.

- MetroPlan Orlando Executive Director's Announcements: Mr. Harry Barley welcomed guests Commissioner Jim Fisher, City of Kissimmee, and Mr. T.J. Fish, Lake-Sumter MPO. He called attention to Commissioner Dallari's election as President of the National Association of Regional Councils (NARC) at the Conference held June 4-7. Mr. Barley noted that Commissioner Constantine also attended the NARC Conference representing the East Central Florida Regional Planning Council. He recognized Mr. Steve Bechtel for his forty years of service as the legal counsel. Mr. Bechtel received a token of appreciation from the MetroPlan Orlando Board and spoke briefly. Mr. Barley reported that air quality information had been included in the supplemental folders. He provided an update on the Orlando International Airport Refresh Study and requested guidance from the Board regarding the uncertain future of the Lake-Sumter MPO.
- <u>Agenda Review</u>: Mr. Barley reported that they were ready to move forward with the agenda.
- Public Comments: None.
- Unanimously Approved Consent Items: A-F.
- Unanimously Approved (Roll Call Conducted), the Proposed Amendments to MetroPlan Orlando's Year 2040 Long Range Transportation Plan.
- Other Business: Preview of the FY 2017/2018-2021/2022 Transportation Improvement Program (TIP) and Preview of the FY 2022/2023-2039-2040 Prioritized Project List.

• Public Comments:

Mr. David Bottomley commented on the widening of SR 50 and the condition of the bus stops along that corridor. He suggested that it was a good time to assess the stops and make them ADA compliant, while construction was going on and Metro Bench benches were being updated.

• Next Board Meeting - July 12, 2017 at MetroPlan Orlando
