

# Fiscal Year 2022/23

## Federally Obligated Funds

*for Orange, Osceola, and Seminole Counties, Florida*

November 2023

# Transportation Projects for Which Federal Funds Were Obligated During Fiscal Year 2022/23

This document contains a list of transportation projects in the MetroPlan Orlando region (Orange, Osceola, and Seminole Counties) for which federal funds were obligated during Fiscal Year 2022/23 (FY 2022/23) and may indicate funds spent or removed/reduced on certain projects. This has no impact on funding of projects in the current Transportation Improvement Program (TIP). This was prepared to meet a federal requirement for Metropolitan Transportation Organizations (MPOs) under Title 23, Chapter 1, Subchapter E, Part 450.334 of the Code of Federal Regulation, which states:

*(a) In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a list of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C Chapter 53 were obligated in the preceding program year.*

*(b) The listing shall be prepared in accordance with §450.314(a) and shall include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the TIP information under §450.326(g)(1) and (4) and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.*

*(c) The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria for the TIP.*

This pertains to the fact that the federal fiscal year runs from October through September while the fiscal year of most MPOs runs from July through June. As a result, those projects for which funds were obligated during July through September 2023 would be shown as programmed during FY 2022/23 according to the federal fiscal year but would be shown as programmed during FY 2023/24 according to the MPO fiscal year. Therefore, this legislation ensures that the projects in each MPO's TIP for which federal funds were obligated during the preceding fiscal year are published in a list that matches the federal fiscal year time period.

Projects can be found on the following pages of this report, organized by County:

- Interstate Projects ..... pages 5-6
- State Highway Projects ..... pages 7-9
- Toll Road Projects..... pages 10
- Traffic Operations and Safety Projects ..... pages 11-13
- Bicycle and Pedestrian projects ..... pages 14-15
- Planning projects ..... pages 16
- Aviation projects, Transit and Transportation Disadvantaged projects, and Commuter Rail projects ..... pages 17-19

The amounts of federal funding for these projects and the funding sources (codes) are shown in separate columns on the spreadsheets. Many of these projects also utilized funds from state and local sources, which are not shown in this document. The explanations for the funding codes and project phases contained in this document are shown on pages 3-4.
