

Fiscal Year 2023/24

Federally Obligated Funds

for Orange, Osceola, and Seminole Counties, Florida

November 2024

Transportation Projects for Which Federal Funds Were Obligated During Fiscal Year 2023/24

This document contains a list of transportation projects in the MetroPlan Orlando region (Orange, Osceola, and Seminole Counties) for which federal funds were obligated during Fiscal Year 2023/24 (FY 2023/24) and may indicate funds spent or removed/reduced on certain projects. This has no impact on funding of projects in the current Transportation Improvement Program (TIP). This was prepared to meet a federal requirement for Metropolitan Transportation Organizations (MPOs) under Title 23, Chapter 1, Subchapter E, Part 450.334 of the Code of Federal Regulation, which states:

(a) In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a list of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C Chapter 53 were obligated in the preceding program year.

(b) The listing shall be prepared in accordance with §450.314(a) and shall include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the TIP information under §450.326(g)(1) and (4) and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.

(c) The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria for the TIP.

This pertains to the fact that the federal fiscal year runs from October through September while the fiscal year of most MPOs runs from July through June. As a result, those projects for which funds were obligated during July through September 2024 would be shown as programmed during FY 2023/24 according to the federal fiscal year but would be shown as programmed during FY 2024/25 according to the MPO fiscal year. Therefore, this legislation ensures that the projects in each MPO's TIP for which federal funds were obligated during the preceding fiscal year are published in a list that matches the federal fiscal year time period.

Projects can be found on the following pages of this report, organized by County:

- Interstate Projects pages 5-6
- State Highway Projects pages 7-9
- Traffic Operations and Safety Projects pages 10-12
- Bicycle and Pedestrian projects pages 13-14
- Planning projects page 15
- Aviation projects page 16
- Transit and Transportation Disadvantaged projects, and Commuter Rail projects pages 17-18

The amounts of federal funding for these projects and the funding sources (codes) are shown in separate columns on the spreadsheets. Many of these projects also utilized funds from state and local sources, which are not shown in this document. The explanations for the funding codes and project phases contained in this document are shown on pages 3-4.

Abbreviations & Acronyms

Federal Funding Codes

BRTZ	Bridge Replacement Program, Off-System	HSP	Highway Safety Program funds
CAR	Carbon Reduction Program (i.e. CARB, CARU)	NFP	National Freight Program
CD	Congressional Discretionary Funds (i.e. CD23, TGR)	NH	National Highway System funds for principal arterials (i.e. NHBR, NHEX, NHPP)
DFTA	FHWA funds transferred to FTA	PL	Federal planning funds
DUCA	Federal CARES Act funding for COVID-19 issues	RED	Federal redistribution of funds
ER22	2022 Emergency Relief Event	RHH/RHP	Federal Rail-Highway Crossing funds
FAA	Federal Aviation Administration funds	SA	Surface Transportation Program Block Grant funds with no population restrictions
FEMA	Federal Emergency Management Agency funds	SIBF	Federal Funded State Infrastructure Bank (SIB)
FRA	Federal Railroad Administration funds	SR2T	Federal Safe Routes to School – Transfer funds
FTA	Federal Transit Administration funds (i.e. FTA 5310, 5337, 5339)	SU	Surface Transportation Program Block Grant funds for urban areas with a population over 200,000 which may be used for highway, transit, or bicycle/pedestrian projects at the discretion of the MPO
GFBR	General Funds Bridge Replacement and Rehabilitation	TALT	Transportation Alternative funds – any area
GFNP	General Surface NP Federal Relief funds	TALU	Transportation Alternative funds – population >200,000
GFSA	General Surface Transportation Planning funds for any area	TSM	Transportation System Management funds
GFSU	General Surface Transportation Planning funds for urban areas >200,000 population		

Project Phase Abbreviations

CAP	Capital
CEI	Construction Engineering Inspection
CST	Construction - - highway project phase
ENV	Environmental Mitigation – FDOT highway project phase pertaining to filing permits with the St. Johns Water Management District and the Florida Department of Environmental Protection regarding the acquisition of environmentally sensitive land for highway improvements.
MISC.	Miscellaneous
OPS	Operations
PE	Preliminary Engineering (design)
PLN	Planning
ROW	Right-of-Way Acquisition
RRU	Relocation of Railroad Utilities

Agency Abbreviations

CFX	Central Florida Expressway Authority
CFCR	Central Florida Commuter Rail (operates under the name SunRail)
CFRTA	Central Florida Regional Transportation Authority (operates under the name LYNX)
FAA	Federal Aviation Administration
FDOT	Florida Department of Transportation
FHWA	Federal Highway Administration
FTA	Federal Transit Administration
FTE	Florida’s Turnpike Enterprise
GOAA	Greater Orlando Aviation Authority
KGA	Kissimmee Gateway Airport
OIA	Orlando International Airport
OSIA	Orlando Sanford International Airport
