Ms. Berry shared that they held the meeting off-site, were given a CTC update by Mr. Norm Hickling and concluded by taking a tour of the ACCESS LYNX Paratransit Operations Center. Ms. Berry thanked Mr. Norm Hickling and Mr. Joey Hogan for hosting the QATF. Members who were present at the tour all expressed their appreciation for the tour and the education it presented. In conclusion, Ms. Berry noted the date for the next QATF meeting as October 29, 2024.

Chair Uribe asked if it was possible for members of the TDLCB to also visit the ACCESS LYNX Paratransit Operations Center and have the tour. Ms. Whittington stated that she would poll members and coordinate the best date with Mr. Hogan.

IV. AGENDA REVIEW & ANNOUNCEMENTS

Ms. Virginia Whittington welcomed new member, Ms. Yvette Reyes representing the Economically Disadvantaged to the TDLCB. She recognized Ms. Nicola Norton, Ms. Reyes' alternate. Also recognized in the room were alternates: Ms. Kori Blowers for Ms. Wendy Ford, Mr. Cartier Murrill for Mr. Calvin Smith, Ms. Sharon Jennings for Ms. Jeannette Estes, and Ms. Angela Hunter for Ms. Janee Olds.

Ms. Whittington provided an update on Senate Bill 1380 (Transportation Services for Persons with Disabilities & Transportation Disadvantaged), which was signed into law and became effective in May. She noted that the bill expanded the Florida Commission for the Transportation Disadvantaged Board from 7 members to 11, and also stated that the bill allows members to hold meetings virtually and those attending virtually do count towards quorum. Ms. Whittington stated that MetroPlan Orlando would like to consider this for all Committee meetings in the future. Also in the bill, Ms. Whittington noted it addressed provisions in paratransit service contracts including driving training, reasonable time periods for requests and transparency on quality of service. She also highlighted reports that were due to the legislature, one from the Center for Urban Transportation Research (CUTR) on model policies and procedures, and one from I-STREET (UF) on technology. Both reports are due to the Governor and legislature in January 2025.

Ms. Whittington noted that Ms. Gail Holley from FDOT would be making a presentation today remotely, on the Safe Mobility for Life Program and a further presentation will take place at the November TDLCB Public Meeting.

Ms. Whittington shared that a tentative location for the Public Meeting in November had been identified, that costs were being finalized and will confirm once a determination is made if the meeting will be off-site or located at MetroPlan Orlando offices. She introduced Mr. Mighk Wilson who presented the Safety Moment.

Mr. Wilson gave a status update on the Regional Vision Zero Action Plan, reminding members of the existing safety challenges within Central Florida with 41% of all deaths occurring on only 2% of Central Florida Roads and 44% of fatal traffic crashes in the region involved distraction, intoxication, speeding or aggressive driving. He continued to share how we begin to address the safety challenges including focused public outreach to motivate behavior change and identifying quick-build projects to address local safety problems.

He stated that the draft plan has just gone out for review and the final version will be presented to the committees and MetroPlan Orlando Board in September.

Comments from the committee included, if each type of distraction was recorded that led to a crash and it was also confirmed that the number of fatalities included pedestrians, and all modes of transportation used. Commissioner Uribe also noted how she was able to secure a light fixture on a road with heavy pedestrian use, with the help of Ms. Loreen Bobo, FDOT Safety Administrator, because it was part of the Vision Zero plan in Orange County. Mr. Wilson also confirmed how the Vision Zero plan will feed into the MTP 2050 plan and all future plans. A member referred Mr. Wilson to state trauma organizations who can support the impact of life changing crashes on individuals and the costs and lost income involved.

V. CONFIRMATION OF QUORUM

Ms. Lisa Smith confirmed a quorum was present.

VI. Public Comments on Action Items

None

VII. ACTION ITEMS

A. Approval of May 16, 2024, TDLCB Meeting Minutes

Approval of the May 16, 2024, meeting minutes was requested.

MOTION: Mayor Pat Bates moved to approve the May 16, 2024, meeting minutes. Ms. Marilyn Baldwin seconded the motion, which passed unanimously.

VIII. PRESENTATIONS & STATUS REPORTS

A. Lynx/Community Transportation Coordinator (CTC) Update

Mr. Norm Hickling presented an update, highlighting an increase in trip demand of 9.3% compared to the same time last year, and as is typical there was a slight dip in trips performed during June due to the schools being out. He highlighted that 'on time performance' reached 93% in June with the average for the year being 89%, and shared that the majority of trips are for medical purposes.

Mr. Hickling noted the average speed of answering a call increased to 3:18 minutes with an average of 55 calls being answered by each agent, and 87.37% of all calls being answered - the highest percentage in the last six months.

Mr. Hickling detailed the two sources of funding for the Transportation for the Disadvantaged.

- The State of Florida Commission for Transportation Disadvantaged
 - Trip & Equipment Grant
- Local Funding Partners - Orange, Osceola and Seminole Counties

Mr. Hickling shared the amount of actual costs vs. the amount that could be invoiced due to the grant allocation, noting that in May 2024 Lynx invoiced for only 36% of the total TD cost incurred (\$282,672 out of \$776,757), which left the deficit to be picked up by the local funding partners in Orange, Osceola and Seminole counties.

He confirmed that new vehicles should be delivered this month or next, with a total of 57 expected into the fleet by the end of the year and the hope that further vehicles will be ordered

over the next 18 months. Mr. Hickling announced that they will be introducing the seven-day advance reservation period, once they have completed their internal obligations necessary to facilitate this. He concluded by sharing his concerns about the TD Program changes with the additional reports needed.

Chair Mayra Uribe commented on the shortfall of funding that is picked up by the counties and questioned if this could be looked at legislatively. Chair Uribe also raised the question of training received by drivers to sensitively assist riders with autism and other invisible disabilities. Discussions ensued about the importance of identifying riders with special needs, to ensure appropriate assistance and accommodations, however a delicate balance is needed to ensure there are no violations of HIPPA.

Mr. Joey Hogan discussed TRANSDEV's practices and explained the training offered to their drivers. Discussion ensued regarding the need for additional dialogue about the best way to ensure the organization is aware of people with hidden disabilities and that proper training is in place.

Ms. Whittington offered to facilitate and host a future meeting at MetroPlan Orlando on the topic and also acknowledged the legislation Chair Uribe referred to, where individuals can put a sticker on their vehicle and/or a designation on their license plate to alert the police that someone in the vehicle has autism. The Chair also recommended contacting Orange County Sheriff Mina's office and/or Orange County Corrections Department as they are very proactive in this subject.

B. Safe Mobility for Life Program Introduction.

Ms. Gail Holley, Safe Mobility for Life Program & Research Manager, FDOT, presented virtually, on, 'Working Together to Improve the Safety, Access, and Mobility of Florida's Aging Population.'

Ms. Holley began by highlighting the various measures implemented by FDOT, to assist road users in compensating for the natural aging process noting that older drivers are in fact safer drivers overall and have the lowest number of crashes involving vulnerable users, yet those aged 65 years+ do suffer the highest number of fatalities from those crashes. She highlighted their Strategic Action Plan and shared how they are working to reach their goal of zero fatalities.

Ms. Gail Holley highlighted 'Florida's Guide to Safe Mobility for Life', which is available in English, Spanish, as a hard copy, e-book and PDF.

Ms. Holley concluded by highlighting Mobility Week which runs from October 27 through November 2, 2024, and challenged members to travel by a different mode than usual and practice using before perhaps you may need to.

Chair Uribe commented on the communication methods and formats used to reach the different age groups. Also asked was how to find travel options for places in your local community and who provides them, and it was recommended to start with the travel plan worksheet and Find A Ride Florida. It was also noted that Ms. Holley will return to present at the Public Meeting on November 14th.
