A REGIONAL TRANSPORTATION PARTNERSHIP

CERTIFICATION

STATE OF FLORIDA

§

COUNTY OF ORANGE

I HEREBY CERTIFY that the foregoing is a true and correct copy of Resolution No.13-15 approved in a regular meeting of the MetroPlan Orlando Board on July 10, 2013. The original copy of this document is on file in the Administrative Offices of MetroPlan Orlando, 315 East Robinson Street, Suite 355, Orlando, Florida.

IN WITNESS WHEREOF, I have hereunto set my hand and official seal of the MetroPlan Orlando Board, this 10th day of July, 2013.

By:

Lena E. Tolliver, Sr. Board Services  
Coordinator Board Services and Recording Secretary

APPROVED BY  
METROPLAN ORLANDO

A REGIONAL TRANSPORTATION PARTNERSHIP

**RESOLUTION NO. 13-15**

**SUBJECT:  
ENDORSEMENT OF FY 2013/14-2017/18  
TRANSPORTATION IMPROVEMENT PROGRAM**

**WHEREAS**, MetroPlan Orlando is the organization designated by the Governor as being responsible, together with the State, for carrying out the provisions of 23 U.S.C. 134, as provided in 23 U.S.C. 104 (f) (3), and capable of meeting the requirements of Section 3 (a) (2) and (e) (1), and 4 (a), and 5 (9) (1) and (1) of the Federal Transit Act 49 U.S.C. 1602 (a) (2) and (e) (1), 1603 (a) and 1604 (9) (1) and (1); and

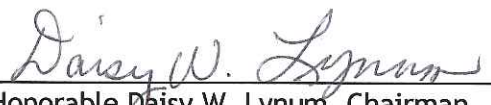

**WHEREAS**, the Transportation Improvement Program, including the annual element, shall be endorsed annually by the MetroPlan Orlando Board and submitted (1) to the Governor and the Federal Transit Administrator and (2) through the State to the Federal Highway Administrator as provided in 23 U.S.C. 450.316;

**NOW, THEREFORE, BE IT RESOLVED** by the MetroPlan Orlando Board that the FY 2013/14-2017/18 Orlando Urban Area Transportation Improvement Program is hereby endorsed as an accurate representation of the area's priorities as developed through a continuing, comprehensive planning process carried on cooperatively by the State and local communities in accordance with the provisions of 23 U.S.C. 134.

PASSED AND DULY ADOPTED this 10<sup>th</sup> day of July, 2013.

**CERTIFICATE**

The undersigned duly qualified and acting Chairman of the MetroPlan Orlando Board certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the MetroPlan Orlando Board.

  
Honorable Daisy W. Lynum, Chairman

Attest:

  
Lena E. Tolliver, Senior Board Services  
Coordinator and Recording Secretary

## MetroPlan Orlando Transportation Improvement Program *Executive Summary*

## **Executive Summary**

### **I. Purpose of the TIP**

The purpose of MetroPlan Orlando's Transportation Improvement Program (TIP) is to identify all federal and state funded transportation projects that have been scheduled for implementation in the Orlando Urban Area (Orange, Seminole and Osceola Counties) during the FY 2013/14-2017/18 time period. The projects listed in the TIP include improvements to the area's highway, transit, and aviation systems. Rail projects are also included. All regionally significant projects requiring FHWA or FTA approval are included in the TIP. Some locally funded projects are included as well, for information purposes, and the local governments and agencies in the area are contacted each year to obtain this information. The TIP also identifies the transportation disadvantaged projects, as well as the bicycle and pedestrian facilities, sidewalks, and other enhancement projects scheduled during this time period. The TIP has been prepared in accordance with Title 23 CFR Part 450 and Title 49 CFR Part 613.

### **II. Financial Plan**

The TIP is financially constrained for each year in accordance with Title 23 CFR Part 450.324 (e and h). The federal and State-funded projects contained in the TIP are taken from the FDOT Five Year Work Program, which is financially constrained. The projects within the TIP are financially feasible, and the federally funded projects identified in the TIP can be implemented using current and proposed revenue sources based on FDOT's Tentative Five Year Work Program and locally dedicated transportation revenues.

### **III. Project Selection**

The projects included in the TIP are priorities of MetroPlan Orlando, and have been drawn from MetroPlan Orlando's adopted Long Range Transportation Plan. The process used in prioritizing the projects is described below in Section V, and is consistent with federal requirements in 23 CFR 450.330(c). These prioritized projects were approved by the MetroPlan Orlando Board in September 2012, and were forwarded to FDOT to be used in developing their FY 2013/14-2017/18 Tentative Five Year Work Program.

#### **IV. Consistency with Other Plans**

All projects included in the TIP have been drawn from MetroPlan Orlando's adopted Long Range Transportation Plan, as stated above. The TIP projects are consistent with the Florida Department of Transportation's (FDOT) Adopted Work Program. They are also consistent with the local transit authority's transit development plan, the local airport master plans, the local expressway authority's master plan, and the approved comprehensive plans of the local governments located within the Orlando Urban Area.

#### **V. Project Priority Statement**

The process of compiling each TIP begins with the development of the Prioritized Project List (PPL) the previous year. This document, which is updated each year, contains a list of unfunded highway, transit, and bicycle and pedestrian projects that have been prioritized for funding based on the criteria that are described in detail below. The FY 2017/18-2029/30 PPL, which was adopted by MetroPlan Orlando in September 2012, was used by FDOT in developing the FY 2013/14-2017/18 Tentative Five Year Work Program based on the priority of the projects. That Five Year Work Program was then used to develop this TIP.

##### ***Highway Projects***

In preparing the highway section of the FY 2017/18-2029/30 PPL, the MetroPlan Orlando Board and its subsidiary committees developed a list of unfunded major highway projects that have been prioritized for funding based on their potential to help relieve traffic congestion in the area. The first list includes improvements to I-4 that are to be funded with Federal National Highway System (NHS) funds. The main project list includes improvements to several major state road arterials within the urban area. MetroPlan Orlando has determined that these projects can be implemented in a timelier manner if FDOT combines Federal Surface Transportation Program (SU) and State District Dedicated Revenue (DDR) funds in programming these projects.

A list of Management and Operations (M&O) projects is included in the list. These projects utilize such methods as intersection and traffic signal improvements to alleviate traffic congestion on a roadway without adding lanes. The M&O category includes projects related to incident management, Transportation Demand Management, and other management and operations activities. In addition, FDOT has targeted about \$30 million a year in state funds that are to be used for Project Development and Environment (PD&E) studies and design phases for new highway projects on the state road system in the MetroPlan Orlando area, and a list of candidate projects for these funds has been added to the PPL. These projects include traditional road widening projects, intersection improvements, and multimodal projects that utilize bicycle & pedestrian and transit facilities to improve traffic flow on constrained roadways without adding lanes.

The highway projects in the PPL were ranked based on the consideration of the following criteria:

- The ratio of the projected traffic volume versus the existing carrying capacity for each roadway that is proposed for improvement, with those roadways that are the most over-capacity generally having the highest rankings.
- The status of the right-of-way acquisition for a highway project, with those projects for which the right-of-way acquisition is already funded generally having a higher ranking.
- The functional classification of a roadway that is proposed for improvement; i.e. freeway/expressway, major arterial, minor arterial, etc., with the roadways having the higher functional classification generally being given a higher ranking.

### ***Bicycle and Pedestrian Projects***

The list of bicycle and pedestrian projects included in the PPL was prepared by MetroPlan Orlando's Bicycle and Pedestrian Advisory Committee based on the following criteria:

- Expected facility usage

- Direct connection to transit
- Inclusion in local government bicycle plans
- Linkage with other bikeway facilities
- Connectivity to road network
- Bicycle & pedestrian Level of Service
- Readiness of project for construction

### *Transit Projects*

The list of transit projects included in the PPL was prepared by LYNX based on the projects that are currently programmed in LYNX's Transportation Development Plan for FY 2017/18. LYNX staff ranked these projects by priority based on consideration of the following criteria:

- Basic service and program funding
- Service development projects
- Capital - bus replacement/repair/maintenance
- Customer amenities
- Additional capital - non-basic service related
- Systems development (ITS technology, etc.)
- Studies - all levels (DEIS, etc)

### ***Funding Allocation***

For the purpose of the FY 2017/18-2029/30 PPL, MetroPlan Orlando's policy was to set aside \$500,000 a year in SU funds for the Road Ranger program. The remaining SU funding allocation for the transportation improvements will be allocated for FY 2017/18 based on a percentage split of 34% for highway projects, 31% for transit projects, 20% for Management and Operations projects, and 15% for bicycle and pedestrian projects.

As stated earlier, the projects included in the TIP are consistent with FDOT's Five Year Work Program, and are financially feasible based on the availability of the funds in each funding category. These projects represent the project priorities established by MetroPlan Orlando. The list of transportation projects in the PPL is reevaluated annually by the MetroPlan Orlando Board and its advisory committees.

### **VI. Regionally Significant Projects**

The list of federal and state-funded highway projects considered by MetroPlan Orlando to be of regionally significant size and scope, along with their implementation status, is shown beginning on page I-12. In addition, the implementation of the projects contained in the TIP is monitored in reports published by FDOT on a quarterly basis.

### **VII. Previous Conforming Projects**

This does not apply. The Orlando Urban Area is currently in attainment for all air pollutants, and has been since before the 1990 Clean Air Act Amendments were enacted.

## **VIII. Public Involvement**

MetroPlan Orlando has a Citizens' Advisory Committee (CAC) that meets on a monthly basis. The members of the CAC are private citizens with an interest in the transportation issues affecting the area. These individuals receive information on transportation issues from the MetroPlan Orlando staff and other agencies, and provide input to the local governing bodies regarding these issues. The CAC assists the MetroPlan Orlando Board in developing transportation-related goals and objectives for shaping the urban environment, and also conducts public information programs. The meetings of the MetroPlan Orlando Board and its advisory committees are all open to the public, and provide opportunities for public comments. In addition, public hearings are held during the development of the Long Range Transportation Plan to give private citizens an opportunity to provide input on the Plan before it is approved by the MetroPlan Orlando Board. MetroPlan Orlando's public information process also includes such activities as publishing a transportation annual report, holding periodic news conferences and public hearings on transportation issues, and publishing transportation-related newsletters.

In regard to public involvement as related to the TIP, the TIP is reviewed and approved by the CAC, the Transportation Technical Committee (TTC), the Bicycle and Pedestrian Advisory Committee (BPAC), the Municipal Advisory Committee (MAC), and the MetroPlan Orlando Board at meetings that are open to the public. On June 24, 2013, the FY 2013/14-2017/18 TIP was presented at a public hearing before being adopted by the MetroPlan Orlando Board. The draft TIP was also made available on MetroPlan Orlando's web site. This meets the public hearing requirements of 49 U.S.C. Section 5307(c), and the public notice of public involvement activities and the time established for public review and comment on the TIP satisfies the program of projects requirements of the Federal Transit Administration's Urbanized Area Formula Program. In addition, FDOT presents the Five Year Work Program at a public hearing before the Work Program is adopted.

## **IX. Certification**

The latest federal certification review of the transportation planning process in the Orlando Urban Area by FHWA and FTA was conducted in January 2011. It is anticipated that MetroPlan Orlando's next federal certification review will occur in 2015. The latest annual FDOT certification review for MetroPlan Orlando was conducted in February 2013.

## **X. Management and Operations**

MetroPlan Orlando has included a Management and Operations (M&O) component in the Year 2030 Long Range Transportation Plan, which was adopted in August 2009. M&O projects are designed to get the greatest efficiency out of the existing transportation network. M&O strategies include such techniques as freeway ramp metering, frontage roads, parking management, freeway lane restrictions, and lane pricing. Other strategies include Intelligent Transportation System (ITS) techniques such as computerized traffic signals and advanced traveler information systems, as well as intersection improvements. The M&O strategies are being incorporated into the TIP as they become scheduled for implementation. As mentioned previously, a list of M&O projects is included each year in the PPL.

## **XI. Transportation Disadvantaged Services**

As required under Chapter 427.015 of the Florida Statutes, MetroPlan Orlando serves as the designated official planning agency in coordinating transportation services for the transportation disadvantaged in Orange, Osceola and Seminole Counties.

## **XII. Amending the TIP**

This TIP can be amended at any time during the year in which it is adopted. MetroPlan Orlando uses the criteria for amending the TIP included in the FDOT Metropolitan Planning Organization Program Management Manual. Under these criteria, the TIP must be amended if:

- The change adds new individual projects to the current TIP;
- The change affects air quality conformity;
- The change adversely impacts financial constraints;
- The change results in major scope changes; and/or
- The change removes or deletes an individually listed project from the TIP.

All amendments to the TIP are presented to MetroPlan Orlando's advisory committees for their recommendations, and to the Board for final approval. Once TIP amendments are approved by the MetroPlan Orlando Board, the amendments are incorporated into the adopted TIP shown on MetroPlan Orlando's web site, and the Board resolutions documenting the approval of the amendments are sent to FDOT staff.

In the case where a TIP amendment must be approved prior to the next MetroPlan Orlando Board meeting in order for the amended project to receive funding, the MetroPlan Orlando Board Chairman is authorized to approve the amendment and sign the corresponding resolution on behalf of the Board without having to call an emergency meeting of the Board. The Chairman's approval of the amendment will then be ratified at the next regularly scheduled Board meeting. This authorization was originally adopted by the MetroPlan Orlando Board on February 11, 2009 in order to enable the Chairman to approve amending the TIP to include a list of candidate projects for American Recovery and Reinvestment Act (ARRA) funds by the appropriate deadline. Since then, this authorization has been applied to other emergency TIP amendments as necessary.

During the TIP amendment process, members of the general public are provided opportunities to address their concerns about the requested amendments. At each advisory committee meeting or Board meeting where a TIP amendment is being requested, the meeting agenda includes a time for comments from the public on any action items on the agenda. Concerns about TIP amendments may be addressed at that time. If an individual has a concern about a TIP amendment but is unable to attend MetroPlan Orlando's regularly scheduled committee or Board meeting where the amendment will be acted on, that individual may send his or her comments to MetroPlan Orlando prior to the meeting through email or by phone. These comments will be entered into the meeting record for consideration by the committee or Board at the time they take action on the amendment.

### XIII. TIP Format

In order to meet the federal requirements in 23 CFR 450.324(e)(2) for MPOs to show the total costs of the projects in their TIPs, MetroPlan Orlando's TIP is now formatted to include costs prior to, within, and beyond the five-year timeframe of the TIP. As a result, the spreadsheets in the TIP include the historic costs for each project prior to FY 2013/14 (if applicable), the funding programmed during the FY 2013/14-2017/18 timeframe of the TIP, and estimates of any future costs after FY 2017/18 (if applicable). These figures are added to show the total cost of the project.

The historic, current and future cost figures are provided by the Florida Department of Transportation for the federal and state funded projects and by local governments and agencies for locally funded projects. For those projects for which the historic or future costs are not known, the spaces for the historic or future and total cost figures are shown as “TBD” (to be determined).

Each project in the TIP that is specifically listed in the MetroPlan Orlando's 2030 Long Range Transportation Plan (LRTP) has a reference showing the LRTP page that provides the information necessary to locate the full project cost estimate and/or additional details regarding the project in the LRTP. The link to the LRTP is <http://www.metroplanorlando.com/plans/long-range-transportation-plan/>.

Some projects in the TIP have no specific reference in the LRTP and the LRTP designation in the TIP for those projects is shown as “Not in LRTP”.

The projects in the TIP include projects on the Strategic Intermodal System (SIS). The SIS is a network of high priority transportation facilities which include interstate highways, major toll roads and other designated highways, as well as the state's largest and most significant commercial service airports, deepwater seaports, freight rail terminals, passenger rail and intercity bus terminals, rail corridors, waterways and the spaceport. Each project on the SIS will have a SIS identifier (*SIS Project*) in the far-left column on the TIP spreadsheet on which the project is located.

#### **XIV. Federal Obligated Funds**

In order to meet federal requirements for MPOs, MetroPlan Orlando annually publishes a list of transportation projects for which federal funds were obligated during the preceding federal fiscal year (October 1<sup>st</sup> through September 30<sup>th</sup>). The information for the FY 2012/13 document can be found at this link: [http://www.metroplanorlando.com/files/view/federally\\_funded\\_transportation\\_projects\\_fy\\_2012\\_13.pdf](http://www.metroplanorlando.com/files/view/federally_funded_transportation_projects_fy_2012_13.pdf)

**Section III**  
**MetroPlan Orlando**  
**Transportation Improvement Program**  
***Federal & State Funded Highway Projects***

*Note: In order to meet the federal requirements for MPOs to include the total costs of the projects in their TIPs, MetroPlan Orlando's TIP is formatted to include the FY 2013/14-2017/18 cost figures, as well as the historic cost and estimated future cost of each project. For each TIP project that is also included in MetroPlan Orlando's 2030 Long Range Transportation Plan (LRTP), the project's LRTP page reference is shown in the column to the right of the project's Work Description column in the TIP. For more details on the TIP format, see page I-10 in the Executive Summary.*

Ⓞ These funds are shown as programmed in FDOT's Five Year Work Program. The Kissimmee Gateway Airport's Joint Automated Capital Improvement Program (JACIP) shows that project #4184881 is being deleted as a separate project, since it will be included in the construction of a control tower and potentially be funded 90% FAA AIP funding.

***FY 2018/19-2029/30 Prioritized Project List***

This section contains the unfunded highway, bicycle and pedestrian, and transit projects or project phases that are included in the FY 2018/19-2029/30 Prioritized Project List, which was approved by the MetroPlan Orlando Board on September 11, 2013. This list of projects will be used by the Florida Department of Transportation in developing their FY 2014/15-2018/19 Five Year Work Program. The Five Year Work Program will then be used by MetroPlan Orlando staff to prepare the FY 2014/15-2018/19 TIP in 2014. The process of developing the Prioritized Project List is described in more detail in the TIP Executive Summary beginning on page I-3.

**MetroPlan Orlando**  
**FY 2018/19-2029/30 Prioritized Project List**  
**Highway Projects**

***National Highway System (NH) Funded Projects***

Priority Number/ County	FDOT Financial Management Number	Project Name or Designation	From	To	Length (Miles)	Work Description	Latest Project Phase Funded	Project Phase(s) Remaining Unfunded	Estimated Remaining Cost (Present-Day)
1 Orange Co./ Seminole Co.	4321931	I-4	W of SR 435/Kirkman Rd.	E of SR 434	21.10	Ultimate Configuration for General Use & Managed Lanes	Partial CST 2014/15 <sup>Ⓞ</sup>	Remaining CST	\$349,000,000
2 Orange Co.	2424847	I-4	S of SR 528/Beachline Expy.	W of SR 435/Kirkman Rd.	3.90	Ultimate Configuration for General Use & Managed Lanes	Partial PE 2015/16	Remaining PE/ ROW/CST	\$224,500,000

Ⓞ The ultimate configuration of I-4 from west of Kirkman Road to east of SR 434 is being funded with a combination of federal, state, OOCEA and Turnpike funds, along with toll revenues from the managed lanes. The toll revenues will provide the majority of the project's funding, and the managed lanes will be operated and maintained by a private concessionaire through a public/private partnership. The concessionaire will be selected in 2014 and construction of the project is expected to begin in early 2015 and take approximately 6 years.

<sup>Ⓞ</sup> Multimodal/Context Sensitive improvements are non-capacity projects designed to improve traffic flow on constrained roadways without adding lanes. These projects can include such improvements as bicycle & pedestrian facilities (bike lanes, wider sidewalks, etc.), transit improvements (bus rapid transit/BRT, designated transit lanes, bus bays and shelters, etc.) as well as minor intersection improvements, landscaping and drainage improvements.

Ⓞ Priorities 8 and 9 and 13 through 46 were originally in a separate list of candidate projects for state funds for PD&E and design phases. Therefore, the original cost estimates for these projects were for the PD&E and/or design phases only and are the only cost estimates for these projects that are currently available. The full cost estimates for these projects will also include the right-of-way (if applicable) and construction phases, and these full cost estimates will be shown on this list once they have been provided by the local jurisdictions. Once the full cost estimates for these projects have been provided, the projects may eventually be reprioritized in order to maximize funding equity among the three counties. Priorities 8 and 9 were originally ranked at 18 and 19 and were moved to a higher ranking at Orange County's request in order to expedite the projects receiving funding for design once the feasibility studies for the projects have been completed.

① The traffic signal coordination project is a high-priority project that will need to be funded in the near future. The TTC recommended including this project at the top of the M&O list without a priority number since this is an ongoing project from year to year.

② The Orange County Adoptive Signal System project had been included in the FY 2016/17-2029/30 PPL and it was assumed that the project would be funded in the TIP, so the project was not included in the FY 2017/18-2029/30 PPL. However, the project was never funded in the TIP, and, as a result, the project has been reinstated in the FY 2018/19-2029/30 PPL and moved to the #1 priority on the M&O list so it will be next in line for funding.

③ It is anticipated that, in the near future, priorities #6 and 7 will be funded through construction in FY 2013/14 in the Five Year Work Program/TIP. Once this funding is programmed, these projects can be removed from the PPL and the projects ranked lower on the list will be able to move up.

**Note:** The BPAC recommends that 20% of MetroPlan Orlando's set-aside of Surface Transportation Program (SU) funds for bicycle & pedestrian projects and Transportation Alternative (TALU) funds be set aside each year for Safe Routes to School projects (#1-8). The BPAC also recommends that statewide and district-wide TALU funds be directed toward regionally significant trail projects.

① The Rinehart Road Path, Pine Hills Trail Phase 3 and Clarcona-Ocoee Trail projects will help close the gaps in the Coast-to-Coast Trail system within the MetroPlan Orlando area. As a result, the BPAC considers these to be high-priority projects, and is recommending that these projects be placed at the top of the bicycle & pedestrian section of the PPL without priority numbers, since they are candidates for special funding that could become available, and will not be competing for SU funds with the other projects on the list.

22a	Mobility	Orange Co.	Orange Blossom Trail Pedestrian Enhancement Phase 2a	30th St.	Gore St.	1.40	Upgrade sidewalks; remove impediments; correct ADA violations	---	PE/CST	\$3,904,000

**Note:** Due to the high cost estimates for priorities #20, 21 and 22, the Bicycle & Pedestrian Advisory Committee (BPAC) approved the establishment of a cost cap for the bicycle & pedestrian projects in the Prioritized Project List. Based on the cap adopted by the BPAC, any new project beginning with the FY 20015/16-2029/30 List with a cost estimate greater than \$4 million will be broken into phases of not more than \$4 million per phase. As a result of this action, the original project limits of priorities #20, 21 and 22 were split into phases, and this action applies to all future projects on the list.

51	RST	Orlando	Fill Gaps in Orlando Urban Trail	from Magnolia Ave. to Park Lake St. at Orange Ave. & from South St. to Orlando Health SunRail stop		1.28	Shared Use Path	---	PE/CST	\$4,000,000

**MetroPlan Orlando**  
**FY 2018/19-2029/30 Prioritized Project List**  
**Bicycle and Pedestrian Projects (Unranked)**

Priority Number	Project Type	Project Sponsor	Project Name or Designation	From	To	Length (Miles)	Work Description	Latest Project Phase Funded	Project Phase(s) Remaining Unfunded	Estimated Remaining Cost (Present-Day)
---①	Mobility	Orlando	I-4 Pedestrian Bridge & Ivanhoe Gateway	New Hampshire St.	Ivanhoe Blvd.	0.30	Pedestrian Bridge across Lake Ivanhoe next to I-4	---	PE/CST	To be determined
---②	Mobility	Longwood	Longwood East Pedestrian Corridors Segment 2	on Grant St. from Candyland Park to Orange Ave.		0.60	Widen substandard sidewalks	---	PE/CST	\$170,000
---②	Mobility	Longwood	Longwood South Pedestrian Corridors Segment 2	on Church Ave. from Reiter Park to Transmission Line		1.00	Widen substandard sidewalks	---	PE/CST	\$230,000
---②	Mobility	Longwood	Longwood South Pedestrian Corridors Segment 3	on Church Ave. & Rangeline Rd. from Transmission Line to E.E. Williamson Rd.		1.00	Widen substandard sidewalks	---	PE/CST	\$220,000

① The I-4 pedestrian bridge and SR 436 projects are unranked since the City of Orlando is requesting funding for the projects other than SU funds.

② These Longwood Pedestrian Corridor projects were added to the list as unranked by the BPAC since they did not meet the BPAC's minimum scoring requirements for prioritization but are considered to be important for linkage with the other Longwood Pedestrian Corridor projects (#32 and 33) and for their proximity to the Longwood SunRail station.

**Transit Projects**

Project Ranking	Project Description	Estimated Remaining Cost (Present-Day)	Funding Sources	Responsible Agency	Consistent with Transit Development Plan?	Comments
8	Kissimmee Intermodal Center	\$1,800,000	FDOT, LF	FDOT/Kissimmee/Osceola Co.	Yes	Construction of parking garage.
8Ⓣ	ITS Enhanced Circulator - Flex Bus Construction (Infrastructure)	\$3,783,000	Local/Private/Federal	Altamonte Springs Casselberry Longwood Maitland LYNX	Yes	Expansion of FlexBus within the 4-city service area beyond the 26 stations included in the demonstration project. Infrastructure would include shelters, kiosks, and GIS equipment for the buses.
8Ⓣ	ITS Enhanced Circulator - Flex Bus Operations	\$3,648,580	Local/Private/FDOT/Other Service Revenues	Altamonte Springs Casselberry Longwood Maitland	Yes	Operation of expansion of FlexBus service within the 4-city service area. Cost is estimated net annual cost using adjusted costs developed for initial service.
9	Innovation Way/Lake Nona/Medical City/Osceola Co. NE Dist. LRT Corridor Engineering/Construction	To be determined	FDOT, LF, Private FDOT, FTA Cand.	FDOT	Yes	Alternative Analysis update, design and initial construction of the proposed leg of the LRT system from International Drive to the Innovation Way/Lake Nona/Medical City/Osceola Co. NE District corridor. Subject to availability of funding. PD&E funded in 2014/15.
9	US 441 Corridor	To be determined	FDOT, LF, Private FDOT, FTA Cand.	FDOT	Yes	Alternatives Analysis for potential commuter rail service in the US 441 corridor from downtown Orlando to Tavares and Eustis in Lake Co. PD&E funded in 2014/15.
9	Livable/Sustainable Development Support	\$500,000	FTA Sec. 5309	LYNX	Yes	Facility and customer enhancements and innovative services customized to address activity center needs. Projects to be determined.
9	East Colonial Corridor Premium Transit (BRT, LRT, etc)	\$20,000,000	FTA, FDOT, LF Candidate	LYNX	Yes	Based on alternatives analysis study of potential forms of mobility, ie. BRT, LRT, etc., in the SR 50 corridor from downtown Orlando to east of Alafaya Trail.

Ⓣ No additional federal or state funding will be committed to the FlexBus project (beyond what has already been programmed for the demonstration project in the FY 2013/14-2017/18 TIP) without the review and approval of the MetroPlan Orlando Board.

9	West Colonial Corridor Premium Transit (BRT, LRT, etc)	\$20,000,000	FTA, FDOT, LF Candidate	LYNX	Yes	Based on alternatives analysis study in the SR 50 corridor from downtown Orlando to the Ocoee/Winter Garden area.
10	SR 436 Corridor Premium Transit (BRT, LRT, etc) Design/Construction Phases	\$15,000,000	FTA, FDOT, LF Candidate	LYNX	yes	Based on alternatives analysis study of potential forms of mobility, ie. BRT, LRT, etc., in the SR 436 corridor from Apopka to Orlando International Airport.
10	Kissimmee Corridor Premium Transit (BRT, LRT, etc)	\$12,000,000	FTA, FDOT, LF	LYNX	Yes	Based on alternatives analysis study in the US 441 corridor from SR 528 to south of US 192.
10	I-Drive Area Fixed Transit Circulator System Study	To be determined	FTA LF, Private	Orange Co.	Yes	Study to evaluate potential technologies that can be utilized in implementing a circulator transportation system in the vicinity of the Orange Co. Convention Center.
10	International Drive Area Intermodal Station	\$15,000,000	FTA/FDOT/LF	LYNX/Orange Co.	Yes	Design and construction of an intermodal station at International Drive and Canadian Court on property owned by Orange Co.
10	LRT from SR 528 to Central Pkwy. System Construction and Fixed Guideway Operating Costs	\$1,046,900,000	FTA, FDOT, LF	FDOT	Yes	Costs related to construction and operation of 20-miles of LRT from Altamonte Springs to Orlando to the Orange Co. Convention Center.
10	Fourth Operating Base - Phase II PE, Construction, Equipment	\$12,000,000 \$3,000,000	FTA Sec. 5309 Candidate LF	LYNX	Yes	Costs related to construction of satellite operating and maintenance base in the northern part of LYNX's service area.
10	US 192 BRT from Main St. in Kissimmee to Walt Disney World	\$5,000,000 (PE only)	To be determined	Osceola Co.	Yes	New BRT on US 192 from Main Street to Disney. Alternatives Analysis will be underway in a few months.
11	Kissimmee Circulator Service - Streetcar	\$1,500,000 (PE only)	To be determined	Kissimmee	Yes	New streetcar running from proposed SunRail stop location in Kissimmee and back.
12	South Corridor Alternatives Analysis Study	\$1,500,000	FTA, FDOT, LF	LYNX	Yes	Alternatives analysis study in the I-4 corridor from Central Florida Pkwy. to US 192 (also known as the Attractions Corridor).

## Section XI

# MetroPlan Orlando Transportation Improvement Program *Abbreviations & Acronyms*

## Abbreviations and Acronyms

### *Funding Codes - Federal:*

<b>AC</b>	Advanced construction funds for federally funded projects; combined with other federal funding codes (Examples: ACIM, ACNH, ACSE, ACSU, etc.)
<b>CM</b>	Federal Congestion Mitigation funds
<b>DFTA</b>	FHWA funds transferred to FTA
<b>DU</b>	FTA pass-through funds
<b>EB</b>	Federal Equity Bonus funds
<b>FAA</b>	Federal Aviation Administration funds
<b>FCO</b>	Federal Fixed Capital Outlay funds
<b>FTA</b>	Federal Transit Administration funds
<b>FTAT</b>	FHWA Transfer to FTA
<b>HPP</b>	Federal SAFETEA-LU High Priority Project funds
<b>HRRR</b>	Federal High Risk Rural Road funds
<b>HSP</b>	Federal Highway Safety Program funds
<b>IM</b>	Federal Interstate Maintenance funds

<b>NH</b>	Federal National Highway System funds for principal arterials
<b>PL</b>	Federal planning funds
<b>RED</b>	Federal redistribution of funds
<b>RHH</b>	Federal Rail-Highway Crossings Hazard funds
<b>SA</b>	Federal Surface Transportation Program funds with no population restrictions
<b>SE</b>	Federal Surface Transportation Program Enhancement funds, which may be used for bicycle/pedestrian projects, landscaping, historical preservation, etc.
<b>SN</b>	Federal Surface Transportation Program funds - mandatory non-urban
<b>SP</b>	Federal Railroad Protective Device funds
<b>SR</b>	Federal Railroad Hazard Elimination funds
<b>SR2E</b>	Federal Safe Routes to School funds - either infrastructure or non-infrastructure
<b>SR2S</b>	Federal Safe Routes to School Infrastructure funds
<b>SU</b>	Federal Surface Transportation Program funds for urban areas with a population of over 200,000 which may be used for highway, transit or bicycle/pedestrian projects at the discretion of the MPO
<b>TALT/TALU</b>	Federal Transportation Alternative Funds
<b>TIMP</b>	Federal Transportation Improvement funds

***Funding Codes - State:***

<b>BRP</b>	State Bridge Replacement funds
<b>BRRP</b>	State Bridge Repair and Rehabilitation Program funds
<b>CIGP</b>	State County Incentive Grant Program funds
<b>D</b>	Unrestricted State Primary funds
<b>DDR</b>	State District Dedicated Revenue funds
<b>DDRF</b>	State District Dedicated Revenue matching funds
<b>DEMW</b>	State Environmental Mitigation funds - Wetlands
<b>DI</b>	State Inter/Intrastate Highway funds
<b>DIH</b>	State Designated In-House funds
<b>DIRS</b>	State funds for advanced acquisition of intrastate corridors
<b>DIS</b>	State funds for projects on Strategic Intermodal System (SIS) facilities
<b>DPTO</b>	State Public Transportation Office funds
<b>DS</b>	State Primary funds for highways and public transit
<b>DSB5</b>	State funds for Beachline Expressway

<b>GMR</b>	State General Revenue funds for projects on Strategic Intermodal System (SIS) facilities
<b>LF</b>	Local funds used for federal/state funded projects
<b>LFF</b>	Local funds for matching the federal allocation
<b>LFP</b>	Local funds for participating
<b>PKBD</b>	Turnpike District Master Bond fund
<b>PKLF</b>	Local support for Turnpike District projects
<b>PKYI</b>	Turnpike District funding for new turnpike facility improvements
<b>PKYR</b>	Turnpike District funding for rehabilitation/resurfacing, correcting deficiencies of existing facilities
<b>RBRP</b>	Reimbursable State Bridge Replacement funds
<b>SIB1</b>	State Infrastructure Bank funds
<b>TDDR</b>	State Transportation Disadvantage funds - DDR use
<b>TDTF</b>	State Transportation Disadvantage Trust Fund
<b>TO05</b>	Toll Operations - Beachline Expy. (east)
<b>TO11</b>	Toll Operations - OOCEA System
<b>TM11</b>	State maintenance funds for Orlando-Orange County Expressway Authority facilities

**TRIP** State Transportation Regional Incentive Program funds which require a 50% funding match from local governments and operating agencies

***Funding Codes - Local:***

**CF** Construction Funds (Orlando-Orange County Expressway Authority)

**CGTF** Constitutional Gas Tax funds (Osceola County)

**CRA** Community Redevelop Agency fund (Orange County)

**Gas Tax** Local Option Gas Tax funds (Orange County)

**GCOF** General Capital Outlay funds (Osceola County)

**IFT** Transportation Impact Fees (City of Orlando)

**LAP** Local Agency Program

**LFS** Local funding sources (Osceola County)

**LOGT** Local Option Gas Tax (Seminole County)

**LOST** Local Option Sales Tax (Osceola County)

**NSP** Non-System Project funds (Orlando-Orange County Expressway Authority)

**OCST** One-cent Sales Tax (Seminole County)

OF	Other Funds (City of Orlando)
RIF	Road Impact Fees (Seminole County)
R&R	Renewal & Replacement funds (Orlando-Orange County Expressway Authority)
TIF	Transportation Impact Fees (Orange & Osceola Counties); Tax Increment Financing (City of Orlando)
TIFCF	Transportation Impact Fee Capital Fund (Osceola County)

***Project Phase Abbreviations:***

CST	Construction -- highway project phase
DSB	Design/build
ENV	Environmental Mitigation - FDOT highway project phase pertaining to filing permits with the St. Johns Water Management District and the Florida Department of Environmental Protection regarding the acquisition of environmentally sensitive land for highway improvements.
INC	Incentive funds paid to contractors by FDOT for early project completion
MISC	Miscellaneous
MNT	Maintenance
OPS	Operations

<b>PD&amp;E</b>	Project Development and Environment Study -- the project phase scheduled prior to preliminary engineering for highway projects
