## Transportation Projects for which Federal Funds Were Obligated During FY 2012/13

This document contains a list of highway (including bicycle/pedestrian), transit and aviation projects in the MetroPlan Orlando region (Orange, Osceola and Seminole Counties) for which federal funds were obligated during FY 2012/13. This was prepared in order to meet a federal requirement for MPO's in the Moving Ahead for Progress in the 21<sup>st</sup> Century (MAP 21) legislation. Section 20005(j)(7)(B) of MAP 21 states:

*“An annual listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which federal funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review.”*

This pertains to the fact that the federal fiscal year runs from October through September while the fiscal year of most MPO's runs from July through June. As a result, those projects for which funds were obligated during July through September 2013 would be shown as programmed during FY 2012/13 according to the federal fiscal year, but would be shown as programmed during FY 2013/14 according to the MPO fiscal year. Therefore, this legislation ensures that the projects in each MPO's TIP for which federal funds were obligated during the preceding fiscal year are published in a list that matches the federal fiscal year time period.

The federally funded highway, planning, maintenance and miscellaneous projects are listed by county on pages 5-12. The transit projects are shown on page 13, and the aviation projects are shown on page 14. The amounts of federal funding for these projects and the funding sources (codes) are shown in separate columns on the spreadsheets. (Many of these projects also utilized funds from state and local sources, which are not shown in this document.) The explanations for the funding codes and project phases contained in this document are shown on pages 2-4.
