*A REGIONAL TRANSPORTATION PARTNERSHIP*

Transportation Projects for Which Federal Funds  
Were Obligated During FY 2013/14

November 2014

## Transportation Projects for which Federal Funds Were Obligated During FY 2013/14

This document contains a list of highway (including bicycle/pedestrian), transit and aviation projects in the MetroPlan Orlando region (Orange, Osceola and Seminole Counties) for which federal funds were obligated during FY 2013/14. This was prepared in order to meet a federal requirement for MPO's in the Moving Ahead for Progress in the 21<sup>st</sup> Century (MAP 21) legislation. Section 20005(j)(7)(B) of MAP 21 states:

*"An annual listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which federal funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review."*

This pertains to the fact that the federal fiscal year runs from October through September while the fiscal year of most MPOs runs from July through June. As a result, those projects for which funds were obligated during July through September 2014 would be shown as programmed during FY 2013/14 according to the federal fiscal year, but would be shown as programmed during FY 2014/15 according to the MPO fiscal year. Therefore, this legislation ensures that the projects in each MPO's TIP for which federal funds were obligated during the preceding fiscal year are published in a list that matches the federal fiscal year time period.

The federally funded highway, planning, maintenance and miscellaneous projects are listed by county on pages 5-10. The transit projects are shown on page 11, and the aviation projects are shown on page 12. The amounts of federal funding for these projects and the funding sources (codes) are shown in separate columns on the spreadsheets. (Many of these projects also utilized funds from state and local sources, which are not shown in this document.) The explanations for the funding codes and project phases contained in this document are shown on pages 2-4.

Federal Funding Sources (Codes)

ACSA, ACSE, etc.	Advanced construction funds
CM	Congestion Mitigation
DU	State Primary/Federal Reimbursement funds
EB	Equity Bonus funds
ER08	Hurricane repair funds
FAA	Federal Aviation Administration funds
FHPP, HPP	High Priority Project funds
FSF1	Federal Economic Stimulus funds managed statewide
FSSE	Federal Economic Stimulus funds for Enhancement projects
FSSU	Federal Economic Stimulus funds for urban areas with a population of over 200,000
FTA	Federal Transit Administration funds
HPP	Federal SAFETEA-LU High Priority Project funds
HRRR	High Risk Rural Road funds
HSP	Highway Safety Program funds
IMAC	Federal Interstate Maintenance funds (advanced construction)
NHAC	National Highway System funds for principal arterials (advanced construction)
PL	MetroPlan Orlando planning funds

RED	Redistribution of Federal Allocation
RHH, RHP	Federal Rail-Highway Crossings funds
S112	STP earmarked funds for FY 2005/06
S117	STP earmarked funds for FY 2004/05
S129	STP earmarked funds for FY 2007/08
SA	Surface Transportation Program funds with no population restrictions
SP	Federal Railroad Protective Device funds
SR	Railroad Hazard Elimination funds
SR2E	Safe Routes to School funds - either infrastructure or non-infrastructure
SR2N	Safe Routes to School funds - non-infrastructure
SR2S	Safe Routes to School Infrastructure funds
SS	Safety improvements eligible under the Section 130 Railway-Highway Crossings Program and the Section 152 Hazard Elimination Program
SU	Surface Transportation Program funds for urban areas of over 200,000 population
TALT/TALU	Federal Transportation Alternative Funds
TCSP	Transportation, Community and System Preservation funds

Project Phases

CST	Construction -- highway project phase
ENV	Environmental Mitigation - FDOT highway project phase pertaining to filing permits with the St. Johns Water Management District and the Florida Department of Environmental Protection regarding the acquisition of environmentally sensitive land for highway improvements.
MISC	Miscellaneous
MNT	Maintenance
PD&E	Project Development and Environmental Study -- the project phase scheduled prior to preliminary engineering for highway projects
PE	Preliminary Engineering (design) -- highway project phase
ROW	Right-of-Way Acquisition
RRU	Railroad Utility Construction
